

National Boy Scout Week Will Be Friday, Feb. 6 Through 12

Rowan Boy Scouts Organized in 1942; Two Troops Here Now

More than 2,120,000 members of the Boy Scouts of America throughout the nation will observe the 38th anniversary of the organization during Boy Scout Week, which will open Friday, Feb. 6 and continue through Thursday, Feb. 12.

The theme of Boy Scout Week this year is, "The Scout Citizen at Work, in his home, in his community, in his nation, in his world."

The Rowan County Boy Scouts were organized here in 1942. At present, there are two troops in operation with a total membership of 87 boys.

During the past year these Scouts have taken part in the summer at Mt. Sterling and also in the summer camp at Camp Offutt. At present the Rowan Scouts have their own camp on North Fork of Triplett Creek for their week end camping trips.

In the district consisting of Rowan and Elliott counties, John Will Holbrook is District Chairman with W. H. Rice serving as vice-chairman and Rev. Elmore Ryle, district commissioner.

According to a national report on the Boy Scouts of America, there are a total of 68,500 active troops in this country, a total membership of 2,120,000, and a total organization in 42 nations has a total membership of 4,400,000.

March of Dimes Campaign Falls Short of Quota

Rowan County's March of Dimes campaign which ended Saturday netted approximately \$700. Ted Crosthair, chairman of the drive, announced today.

Largest single contribution in the campaign was made by the Morehead Kiwanis Club, which donated \$417.67, proceeds of the Morehead Invitational tournament. The coin boxes which were placed in business places netted \$117.14 with Bishop's Drug Store and the Dixie Grill leading in that department with \$20 and \$10 respectively.

While the returns from some rural schools aren't complete, Crosthair estimated that \$150 would be derived from that source.

Bracklinn Training School of Morehead captured the title in the Kiwanis March of Dimes tournament by donating Owingsville 41-36 to the final round.

Breck advanced to the final round by whipping Flemingsburg 65-36, while Owingsville was beaten by West Liberty 28-26.

West Liberty captured third place in a consolation game thriller 47-46.

346 Million Needed For Kentucky Roads

More than \$346,000,000 in construction funds would be required to bring all of Kentucky's primary and secondary roads in "modern and adequate" condition, Thomas H. Cutler, chief engineer for the Kentucky Highway Commission, declared in Washington Friday.

Out of approximately 10,300 miles of State-maintained roads in Kentucky, 6,739 miles are below national standards, which are based on average daily traffic, Cutler said.

Cutler, who represented Kentucky at the hearing and also attended the annual convention of the American Road Builders Association, explained that similar estimates are being submitted to the House Public Works Committee by the highway departments of most of the other states.

Word "Teacher" Deleted From School Titles

The House has passed and sent to the Senate a bill which deletes the word "teachers" from the normal titles of four State teachers colleges. It was sponsored by Democrat Representative George I. Cline, Morehead and B. G. Davidson, Bowling Green.

The colleges now have a general curriculum. They give training in several professions and are not limited to training teachers. Prospective enrollees at the schools are discouraged from attending them because their diplomas would seem to indicate they were graduated from a teachers college, sponsors of the bill claim.

Other measures adopted by the House include those exempting fire departments from the State registration fees; make punishable by fines pilots convicted of performing aerobatics over a city; permit appeals from Juvenile Courts to be taken to Circuit Court before going directly to the State Veterinarian's salary from the present \$3,000 to \$4,500.

Army Wants Former Overseas Service Men

Rowan Rural Property Valuation Set High

Farm property in Rowan County is now worth more than \$1,700,000 and rural homes here and throughout the state are in the best condition in history, according to a report just released by the Title Company of America.

More than 75 per cent of farm dwellings in Kentucky and the South are in excellent condition or need only such minor repairs as painting or general maintenance, the report revealed. Only 61.1 per cent were in good repair in 1940. The report was based on a Bureau of the Census survey.

Six Games On Tap For Ensuing Week By Morehead Teams

With the basketball season of its last year, Morehead cage crews tear into the last lap before tournament time by playing games within the next week.

Ellis Johnson's surprising Eagles take on Union's Bulldogs here tonight in a return match. The Blue and Gold will battle left-handed punter Dave Dornier 71-56 at Barbourville.

Breck, winner of the Kiwanis tournament, tangles with their first round foe in that tournament again Friday when they entertain Flemingsburg. The Eagles' romp over the Flemingsburg Bulldogs 47-46.

Morehead High Takes On Ashland 53-40

Morehead High takes on Ashland 53-40 conqueror of the Vikings earlier at the College Gym on Tuesday. Surprising winners of the Morehead Eagles won all three of their games this season.

The Johnsonmen downed Cedarville, Ohio at Cedarville, Ohio on Tuesday, Feb. 5, 71-56 Thursday, Ohio Wesleyan, 70-46 at Ashland on Saturday. They came to trim Kentucky Wesleyan Tuesday night.

They previously had beaten Berea 80-34 at their streaking. They won the amazing showing of "Sonny" Allen the Morehead headliners jumped to a 17-5 lead on Cedarville and then closed the game with a 10-0 victory margin. Allen, who hit eight shots out of 14 the first half, and Frank Fraley, who hit approximately 80 per cent of his shots for the 2d half, led the Eagles with 22 and 18 points respectively.

Ohio Wesleyan, favored over the Blue and Gold on the basis of season's records, made a ball game out of it for only about half of the first period. Matching the Blue and Gold in a basket during the first eight minutes, the "Batting Bishops" fell before a smooth Morehead quint which shot 56 per cent of their shots during the first half and led by 11 points at the intermission. "Sonny" Allen again gave an exhibition in long range shooting and caged 22 points. Bill Martin came next with 17.

Playing their fourth game in seven nights the underdog Eagles trounced Kentucky Wesleyan 66-37. Leading throughout the game, but by only one point, Morehead turned out to play. Morehead turned on the steam and reversed a previous 55-54 loss to the Winchester "Sonny" Allen again led the Morehead scorers with 17 points, followed by Frank Fraley's 15.

Breck jumped back into the regional limelight last week end by annexing the Morehead Invitational tournament. The Eagles romped over the Flemingsburg, 65-36 and beat Owingsville 47-28.

The "Old Master" Displays Much Of Old Time Speed And Form

When Ellis Johnson, Morehead Eagle basketball mentor gives his aspiring young athletes instructions, the athlete can usually rely on Johnson to show him how it's done if he be.

Johnson, a member of the 1928 Olympic team, has won a national championship five and an All-American three times himself. He showed this in a preliminary game at Ashland Saturday night.

The Ashland team was matched against a tour of the 1928 team and their coach, Jimmy Anderson.

The ball was tipped to Johnson, the first ball to be and he immediately dribbled to the farthest corner of the back court and stood there, all by himself, bouncing the ball.

The amazed members of both teams stared open-mouthed at Johnson. Realizing that they were facing the athlete can usually rely on Johnson to show him how it's done if he be.

Johnson deftly faked a dribble to his left, went to his right and then passed the ball to the center line two more Tomcats approached the balding Morehead coach and again tried to gain possession of the ball. Johnson faked both ways this time, slipped between them and dribbled to the foul circle where he was left-handed push shot that fairly tore the bottom out of the net.

It was the only time that the Tomcats had the ball but the rest of the game was anticlimax. The "homefinks" had seen, once again, the form, trickery and speed of the "Old Master" as all eyes turned to him.

American honors three times

The Lane Funeral home was in charge of the arrangements. In much modern theology hell is not out of order.

Earlier in the week the Bobby Laughlin coached five eked out a 47-46 victory, surprisingly stunning Carlisle's team. "Shorty" Wiggin's Morehead High Vikings ran true to form last week end and captured the championship of the Southern section of Eastern Kentucky Conference tournament. Victories by 44-30 over Boyd County and 45-33 over Richmond. The bald and Hitchens 28-28. Hitchens led the Green and White.

On Tuesday the Vikings journeyed to Lexington to absorb a 45-33 beating at the hands of Lafayette.

Two Years Necessary

General Jacob L. Devers, commander of the Army Ground Forces, does not believe that the doughboy is finished and that the next war will be a push-button affair.

The General thinks that atomic bombs will be used in the next war but that the destruction that a nation suffers will not cause it to give up the fight. Consequently, he says, it will be necessary, in the future, as in the past, to "take the land and occupy it."

The Army "doesn't want another war," declares the General, "but we've got to be prepared." He points out that the armed forces get the blame for disasters, not the politicians and industrialists. Nevertheless, he insists that it would take "just about as long" for the Army to get ready for World War III as it took for World War II.

Food May Cause Cancer

One of the most important scientific efforts now underway involves the work of scientists and medical experts in many experiments designed to discover, if possible, the cause of cancer. Experiments conducted at the Alabama Agricultural Experiment Station of Alabama Polytechnic Institute contributed a new angle to the fight on cancer two years ago.

In the case of the rats, the missing food was choline, sometimes called a B vitamin, but generally considered an organic base. Lacking choline, cancers developed in the rats and other experiments are underway to see how deficiency in choline affects other animals.

The American Cancer Society is dividing funds for expansion of the work in Alabama, which will include tests of other dietary factors. The scientists report, however, that if human cancer is due to diet, it is not apt to be caused by a single deficiency but more likely a combination of several things.

To Be Remembered

The capitalism of the United States has some faults, but there is no reason why those who are concerned with its defects should lose sight of the fact that it has produced a higher production and a wider distribution of goods and luxuries than any economic system anywhere, anytime.

At the same time, the production and distribution which we have accomplished and in which we take pride, should not blind us to the possibility of greater production and wider distribution, which would mean a higher standard of living for all our people.

At the same time, the production and distribution which we have accomplished and in which we take pride, should not blind us to the possibility of greater production and wider distribution, which would mean a higher standard of living for all our people.

Just had a card from Frank "Big Store" Havers and his good wife, Allie Jane. They are staying at Camp Grande, El Paso, Texas. The picture on the cards shows flowers in bloom in a circular garden with a fountain in the center. It's funny—I thought of Frank on Ground Hog Day. That's O. K. We have a nice white snow, belly-deep to a Billy goat, and that brings to my mind—Western Auto Turner. He went south with the first frost and will not be back until garden time. I am glad the altitude is 7750 these days. We don't know exactly what ours is here or how to measure it, but I will say it varies if we measure from the top of the mountain. The temperature has been about as comfortable as the gas supply. At home, we are comfortable as we have three stoves in each room. We put the gas stove in the middle with an oil and coal stove on each side. That eliminates freezing of the gas stoves. We really need a conveyor to haul in coal and take out ashes. Add simile: As widely read as a presidential message.

Intolerance

Tolerance, fair consideration of the rights and opinions of others, is a generally acceptable ideal, but how many of us are actually tolerant? Unfortunately there are not very many who can answer this question affirmatively for himself. Just how our metropolitan papers are carrying headlines to the effect that the Southern Democrats are threatening a break with the national party as a result of the President's message to Congress calling for legislative provisions designed to put into effect certain guarantees of equality before the law that are provided for in our Constitution.

It is indeed strange how men who think clearly on most questions permit their prejudices to dominate their thinking on certain questions. With some the "blind spot" is religion; with others it's politics; with still others it's the racial question. Regardless of what the object of intolerant attitudes may be, clear judgment is disregarded and blind prejudice is permitted to guide us.

Where do we get these prejudices? Children don't have them. We actually develop them during the period that we are forming the attitudes that are to guide our conduct as adults. All of which makes the situation more ludicrous. At the very time that we should be exercising clear, objective, adult intelligence we actually are guilty of what is commonly thought of as childish thinking.

Probably the "threat" of the Southern Democrats is a "tempest in a teapot" and will soon blow over. We hope so. The South has too many real problems to be solved to spend its time and energy on a movement that is certain to work against its best interests. A little less prejudice and considerably more tolerance constitutes a formula that could well be given more attention by all.

Says Peace Cost A Lot

Chase S. Osborn, former Governor of Michigan, recently celebrated his eighty-eighth birthday in Georgia, where he now lives.

Mr. Osborn was born in comparative poverty but made a fortune in the iron business. Worried by the possession of great wealth, he decided to give most of it away, reserving only what he needed for necessities. He reports that he never regretted his action, although blind and partially paralyzed, he continues to take an alert interest in public affairs.

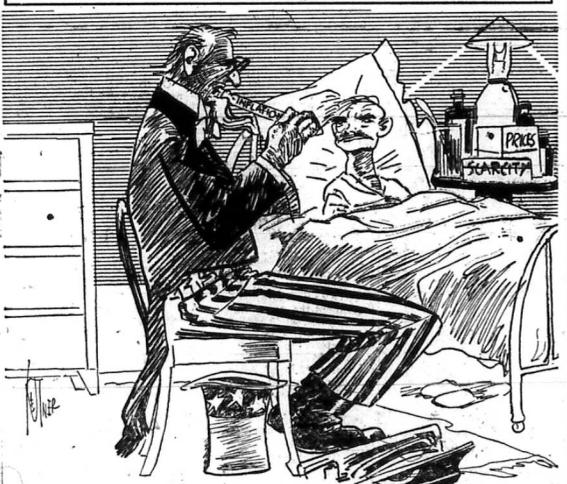

The former Governor believes that world peace is "God's greatest gift to mankind" but "like other precious things, costs a lot" and remarks that "we can't expect to have enduring peace at small cost."

Referring to his interesting act in giving away most of his wealth, he states that he made up his mind to give back all that he did not need to live upon. He thinks that most of the world's troubles today can be traced to an attitude of "wanting to take instead of give." He undoubtedly has something in this observation, but just how the world can be persuaded to give, rather than to take, remains a problem.

Now that General Eisenhower has made public his stand in the presidential race, many will agree that his words will live longer than many campaign pledges.

Insurance companies tell us to visit a doctor twice a year for a check-up. It is good advice even if you don't take it.

Temperature Still Going Up

over the hump

THROUGHOUT the entire United States men who operate electric companies were watching the approach of the "Christmas Peak," the year's highest point in the use of electricity.

They watched it approach with misgiving, and watched it pass with relief. Here in Kentucky, engineers at Kentucky Utilities Company power plants watched the steady climb of the needles that told how much electricity was being used. With the exception of the wartime brown-out, never in K. U.'s history had it been necessary to ration electric customers, or curtail industrial operations. But never before—even during wartime—had the use of electricity climbed so high.

The peak would be reached late in an afternoon just before Christmas. That much was known. Anxious eyes watched the demand meters as their needles came closer and closer to the system capacity. Men remembered the struggle it had been to get Tyrone Plant's 30,000 kilowatts on the line—delays, shortages, strikes—and

they thanked Providence that it was on.

The peak passed—with some capacity to spare. Foresight had paid off again, the foresight of management and the engineers who helped to make more capacity available by building new plants and lines, and by making interconnections with other electric company power plants.

But it was no time to relax. Another year was in sight. More plant capacity had been planned and was to be installed in 1948, more lines built. More people wanted electric service than there were material, manpower, or money to serve.

There was another "Christmas Peak" coming in 1948—a peak that would be higher than 1947. And there was another turbine to install at Tyrone.

There was plenty of work ahead for 1948—work that somehow had to be done in spite of a thousand and one construction problems, and interminable post-war delays.

K. U. went back to work.

Incomplete returns from 15,000 celebrations of President Roosevelt's fifty-sixth birthday indicated today, said Keith Morgan, national chairman of the "light infantile paralysis" campaign, that "all records were shattered."

The Rowan County News said editorially: "Seeking to determine just how fantastic a woman's hat can be without attracting undue attention, a Hollywood girl ventured forth upon the film city's boulevard wearing a gaudy lampshade bedecked with artificial flowers, a chain off a bathtub plug, a shoe lace and a rubber band—and was rewarded with no more than ordinary attention. Her technique was wrong, of course. She should have worn a modest hat of, say, 1933."

Federal Revenue Agents were busy in this section during the last four days, making nine arrests and confiscating large quantities of illegal liquor.

E. E. Maggard and C. B.

Dougherty left for Miami, Fla., Wednesday morning. From there they plan to go to the West Coast, a trip that will cover 8,000 miles. They expect to return to Morehead within six weeks.

The enrollment at Morehead State Teachers College stands at 611, which is a substantial increase over that same period in 1937. All classes in the new department of commerce and business have been filled.

Playing at the College Theatre is "Stage Door" starring Ginger Rogers, Katherine Hepburn and Adolphe Menjou. At the Trail Theatre is "The Hoosier Schoolboy" starring Mickey Rooney.

5 Years Ago THIS WEEK

The month of March is the time chosen for a nation-wide drive to raise Red Cross war funds. Last year the roll call and war fund drives were conducted separately. This year there will be only one campaign.

The annual semi-formal dance sponsored by the Campus Club will be given in the college gym-

next Saturday night, Feb. 13.

Ten fledgling pilots have completed their ground school work at MSTC. Dr. G. B. Pennsbaker, co-ordinator of the ground school program of the War Training Service of the Civil Air Authority, announced this week.

The Department of Vocational Agriculture of the Morehead and Haldeman high schools have been consolidated and moved to the building formerly occupied by the WPA on Route 50, east of Morehead. The building housing the department will be known as the Vocational Agriculture building.

Drawings were held in Lexington Wednesday for the annual Kentucky Intercollegiate Athletic Conference Basketball Tournament to be held Feb. 25, 26 and 27 at Eastern State Teachers College in Richmond. The Morehead Eagles will open their tournament play with the Kentucky Wesleyan College Panthers of Winchester.

Morehead and Rowan County citizens contributed over 50 per cent more to the infantile paralysis cause this year than last, according to Mrs. D. F. Walker,

local chairman of the March of Dimes. With a few reports yet to be turned in and without counting sums mailed direct to Washington in the President's Birthday Greeting Cards, the net collections so far amount to about \$140.

Vincent "Moose" Zachem, MSTC's senior star athlete, has just completed his first basketball tournament as coach. Zachem recently took over the reins of the Morehead High Vikings. Zachem's team won the first round in the Eastern Kentucky conference tournament held last week.

Miss Lucy Gardner, Winchester,

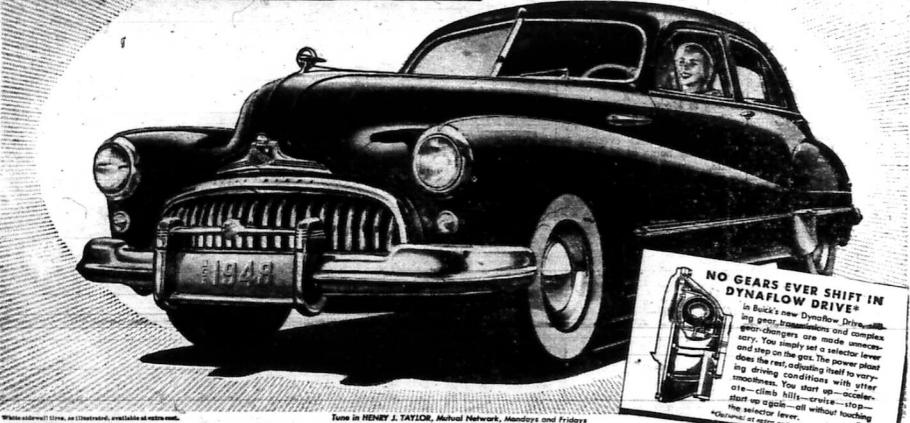

ter, has been appointed assistant registrar at Morehead College and assumed her new duties there Feb. 1, it has been announced.

GI Loans

VA has approved more than 85,000 business loans for servicemen totaling \$273,900,000 in the two years the loan-guarantee program has been operating. The average loan was \$3,200. More than 10,886 loans have been repaid in full, while round in the Eastern Kentucky conference tournament held last week.

They represented a loss of \$2,232,263, which will be offset partially by liquidation of borrowers' assets.

Fashion Plate for '48

See in HENRY J. SAVILE, Motor Network, Morehead and Friday

Buick takes the bows—with ten sparkling models, a new Vibra-Shielded ride, sensational Dynaflo Drive, 30-odd new advances

The curtain's up — the show is on — and square in the spotlight of public favor is this fashion-plate Buick.

This Bonnie, brawny beauty is taking bows for the eye-appeal of its ten stunningly-smart models . . .

Catching bouquets on the utter brilliance of Hi-Poised Fireball power . . .

Getting applause for Safety-Ride rims, pillow-soft tires, all-coil springing — for bodies newly sheltered against disturbing noise —

for no less than 30 new features.

And it's winning curtain calls on two major advances no other car offers.

One is the fabulous new Dynaflo Drive* where there is no gearshifting, even automatically. You just step on the gas — and motoring close to magic is yours.

Other star feature is the Vibra-Shielded ride. Here for the first time you're shielded against vibration build-up that brings on fatigue. Here no tiny tremors can harmonize into big ones. Here is living-room comfort and quiet.

Your Buick dealer is showing this fashion plate that's touched with magic. See it. Check it for spaciousness, for solid-feeling steadiness, for superlative finish, fittings and fabrics.

Then — to get one into your garage at the earliest possible date — get your order in now.

NO GEARS EVER SHIFT IN DYNAFLOW DRIVE*

In Buick's new Dynaflo Drive, shifting gears, transmissions and complex gear-changers are made unnecessary — and step on the gas. The power plant does the rest, adjusting itself to any driving conditions with utter smoothness. You start up — accelerate — climb hills — cruise — stop — start up again — all without touching selector lever.

*Optional on extra cost on Roadmaster models

Rowan County Woman's Club Holds Regular Meeting

The Rowan County Woman's Club held its February meeting Tuesday evening, Feb. 3, at the Methodist Church. After the business session, the president, Mrs. Claude Clayton, turned the meeting over to the Literature Department with Mrs. Ted L. Crosthwait, chairman in charge. Mrs. Jimmy Reynolds sang two solos "The Last Rose of Summer" and "Sweethearts" from Maytime. Mrs. H. C. Hagan read Riley's poem "That Old Sweetheart of Mine." Cherry pie, whipped cream, coffee and minis were served by the hostesses.

Mrs. C. B. McCollough was shopping in Lexington Friday.

Wolfford-Calvert Marriage Takes Place Saturday

Mrs. J. B. Calvert, Jr.

At 3:30 o'clock Saturday afternoon in the Morehead Christian Church, Miss Joyce Ann Wolfford, daughter of Mrs. Virgil H. Wolfford, Morehead, became the bride of John B. Calvert, Jr., son of Mr. and Mrs. John B. Calvert, also of Morehead. The Rev. Elmore Ryle performed the double ring ceremony in an open church wedding.

Given in marriage by her uncle, Paul K. Wolfford, the bride wore a gown of ice blue satin, with a veil of illusion. Her flowers were white orchids, gladioli and stephanotis.

The bride's sister, Miss Betty Jane Wolfford, was maid of honor, wearing a gown of yellow net over satin. She carried white gladioli and yellow rosebuds. Misses Barbara Glenn Calvert and Jill Wolfford, the flower girls, were gowned in blue and

yellow, respectively, and carried white roses and stephanotis. The candles were lighted by Mrs. Earl S. Frakey and Miss Mary E. Lappin.

Walter E. Calvert served as his brother's best man, and Messrs. Joe Taylor, Clarence G. Clayton, Creed Patrick and Wayne Gibson were ushers. Mrs. Wolfford, mother of the bride, was dressed in blue crepe with American beauty trim and brown accessories. Mrs. Calvert, mother of the groom, wore black with black accessories. Both wore corsages of American beauty roses.

Music furnished by Mrs. W. C. Lappin at the organ and Miss Janet Patrick, soloist, began at 3:15. Miss Patrick sang "I Love You Truly," "Because," and "I Love Thee."

Ferns, white lilies, tulips and carnations with white tapers in candleabra decorated the church. Out-of-town guests were Mr. and Mrs. Paul K. Wolfford and daughters, Jill and Kay of Louisville, Mrs. L. H. Jacobs, Lexington, Mrs. Joe Wolfford, Grayson, Mrs. P. O. Ramsey, Huntington, Mr. and Mrs. W. T. Dings, Raceland, Mr. and Mrs. Henry Dings of Abland, Mr. and Mrs. Cecil Riddle, Dayton, Ohio and Wayne Gibson, Oxford, Ohio.

Immediately following the ceremony, a reception in the basement of the church was given by Mrs. Wolfford, at which over one hundred and fifty guests were present. Refreshments were received by Mrs. Wolfford. Others in the receiving line were Mr. Paul Wolfford, Mrs. J. B. Calvert, Mr. Calvert, Miss Betty Jane Wolfford and the bride and groom. Music was furnished by Mrs. Jimmy Reynolds, while Miss Phyllis Ann Joyce sang. Similar decorations were used for the reception as decorated the church.

Mr. and Mrs. Calvert have left on a wedding trip to the South, after which they will make their home at the Caudill Apartments on East Main Street in Morehead.

Rehearsal Party Given In Honor of Bride and Groom

Mr. and Mrs. Legrande Jayne were hosts at a buffet supper at their home on Wilson Avenue Friday night following the rehearsal of the marriage of Miss Joyce Wolfford and John B. Calvert, Jr., which took place at the Christian Church Saturday. The guest list included the bride

FRIENDS CELEBRATE BIRTHDAYS TOGETHER

Mr. and Mrs. Bill Powell gave a birthday party at their home Saturday night honoring the 18th birthday of their son, Bobby Stamper, and the 21st birthday of their friend, Jack Ellis. They were recipients of many lovely gifts.

The two birthday cakes were decorated in pink and white. Refreshments of ice cream and cake were served to the follow-

ing friends: Freda Adkins, Glenn Crum, Eileen Fouch, Leo Ward, Juanita Maxey, Ralph Christian, Olive and Eva Fouch, Ivory Woods, Clyde Day, Mattie Stinson, Jeanette and Charles Caudill, Jean Christy, Randall Walls, Harold Ellington, Bill Batton, Jimmie Christian, Orville Martin Jr., Fred Woods, Lon and Dorothy Ellis, and Bill and Gladys Powell.

Morehead Woman's Club Postpones Meeting

The Morehead Woman's Club has postponed its regular monthly meeting until Tuesday, Feb. 24. The postponement is due to the special church services to be held next week at the Methodist Church.

Mrs. George Hall and small daughter of Detroit, are visiting her parents, Mr. and Mrs. Oscar Patrick of Morehead.

Scott's Announce Birth of Daughter

Mr. and Mrs. R. B. Scott announce the birth of a daughter, Saturday at the St. Joseph Hospital in Lexington. The baby, the second child in the family, has been named Ann Franklin, for her maternal grandparents. Mrs. Scott is the former Miss Margaret Penix.

Mr. Scott is at the present time doing graduate work at Northwestern University, Evanston, Illinois.

Missionary Society To Meet Monday

The Woman's Missionary Society of the Baptist Church will meet Monday evening at 7:30 p. m. Mrs. E. B. Sluss of the Mary Tippet Circle will be in charge of the program.

City Officials Guess Of Fire Department

The Morehead Fire Department entertained city officials Monday night at a dinner at the Eagles Nest. About 30 persons were in attendance.

Mrs. Anderson, Daughter, Return From Hospital

Mrs. T. P. Anderson and daughter, Mary Olive, returned Tuesday from the Good Samaritan Hospital in Lexington. The baby was born on Tuesday, Jan. 24.

Christian Missionary Society to Meet

The Woman's Missionary Society of the Christian Church will meet Thursday evening at 7:30 at the home of Mrs. C. U. Waltz.

An Open Letter To Our Methodist Constituency and Their Friends in Morehead

The Methodists of Morehead do not very often conduct special services in our local Church, probably not often enough. However, we have planned a Preaching Mission to begin at 7:30 p. m. Sunday, February 8, and closing at 10:45 a. m. Sunday, February 15, with Dr. Howard W. Whitaker, Minister of St. Paul Methodist Church, Louisville, as our speaker.

As your minister and spiritual leader, I have neither ecclesiastical or ministerial authority to command your whole-hearted support of the mission. Nevertheless, I am suggesting that you refrain from attending your bridge clubs, lodges, the movies and other assemblies of a purely secular, social or recreational nature during the period of February 8-15, where the schedule for such occasions conflict with the services of our Preaching Mission. Of course, there will be some official, business, or emergency meetings of recognized merit which will of necessity conflict with your attendance at Church; but these can be kept to a minimum where our Methodist people are involved.

Let me say to our non-Methodist friends: "We are accustomed to having our people take part, as they should, in a multitude of communal activities throughout the year, and we have never begrudged the services of our people to the town as a whole. However, we feel that there are times when the best service that can be rendered to your friend who is a Methodist is to urge him to be present in his Church during a special preaching campaign."

The Methodist Church is broadminded and liberal in its attitude toward mentally stimulating, socially helpful, and spiritually harmless gatherings and diversions, but if religion and the Church have any value or meaning to those of us who profess to be Christians, then there are times when we should unreservedly show our loyalty to the things that matter most, unhesitatingly choosing them in preference to the unimportant.

Allow no Methodist to be considered a religious fanatic or bigoted sectarian by his friends, yet never expect him to offer excuses to any group of which he is a part for absenting himself from its midst during a Preaching Mission or revival meeting in his church. Rather let him receive the admiration and respect which he deserves for taking his stand of Christian loyalty without either apology or arrogance. Every Methodist is urged to pray for himself and his Church during this Preaching Mission, to pray for all of the unchurched and confused people of the community, to pray for the Minister, and then to attend every service possible during the week to come.

Sincerely your Minister,
DAVID SAGESER
