

# The Trail Blazer

Vol. 38

MOREHEAD STATE UNIVERSITY

Tues., Jan. 14, 1969

No. 9

Janet Deskins

(photo by Mark Schlacter)

## Janet Deskins Chosen As Best Dressed Co-ed

The Best Dressed Co-ed on the Morehead University campus for 1969 is Janet Gayle Deskins. Janet was selected from 17 candidates who entered the Trail Blazer's annual Best Dressed Co-ed contest. A board of 12 students and faculty judged the contest which was held Tuesday, Jan. 7, at the Home Economics Building.

As winner of this on campus competition, Janet will represent Morehead in Glamour Magazine's Top Ten College Girls Contest. A panel of Glamour editors will select the national winners by using the same list of qualifications as the Trail Blazer used.

If Janet is selected as one of the Top Ten College Girls, she will: (1) receive national recognition; (2) be photographed by leading fashion photographers for the 1969 August issue of Glamour (taken in New York with all expenses paid) (3) receive a personal gift from Glamour; (4) receive an all-expense-paid trip to a foreign country where she will be Glamour's guest at an outstanding festival or international exhibition.

For being a contestant in the Top Ten College Girls contest, Janet will have the opportunity to be a campus contact for Glamour throughout next year.

Janet, 21, is the daughter of Mr. and Mrs. Eral Deskins of Sidney, Ky., in Pike County. She is a senior majoring in Sociology. In addition to Janet's knowledge of fashion and ability to dress well, she is an active member of the CAPA Trients and a member of this year's Homecoming Court. In the past she was the Campus Club Calendar Girl (1967 and 1968), Trail Blazer Calendar Girl (1967), and served as a Morehead cheerleader for two years. Janet is presently involved

with her work with the children at the Pinecrest Children's Home.

When asked about her idea's concerning fashion, she said, "Being both comfortable and fashionable is an art one can constantly improve." She urges other co-eds, "Don't be afraid to try something new."

Runners-up in this contest were Teresa Herron and Kerry M. Martin. Teresa, a junior from Hope, Ind., is a member of Alpha Gamma Epsilon. She has an Area of Concentration in Health, Physical Education and Recreation.

Kerry, a junior majoring in English, is the daughter of Mr. and Mrs. Ray Martin of Morehead. She is a member of Alpha Beta Alpha and is pledging the Chi Phi Delta Sorority.

## Motion To Abolish Paddling Defeated At IFC Meeting

The Inter-Fraternity Council is bogged down in indecision over some of its pledge rules. At its last meeting a motion was presented to abolish paddling. It was defeated by abstention.

Jack Wiggers presented the motion to the council on behalf of Zeta Alpha Phi. Stating that several reports of severe injury to pledges of some clubs prompted the action from his organization, Wiggers was the only club representative to vote for the motion. The other representatives admitted, in varying degrees, that they didn't know how their constituency would want them to vote.

The passage of a similar motion prohibiting physical hazing is almost a certainty if Morehead fraternities are to affiliate with the national organizations. Nearly all the national

fraternities prohibit physical hazing of any sort.

Wiggers said the vote indicated to him that only one club was ready to go national or even make the necessary commitments to begin affiliation procedures.

Wiggers, who sponsored the motion, said he had talked to several other club's representatives before the meeting and had expected some support. But most of the representatives said they didn't know how their constituency felt on the issue.

One said "you've got your hard-core members who aren't always ready to make a policy change like this in five minutes."

Bob Williams, IFC president, referred the proposal to committee.

## 'The Negro In American History', New Course Offered In History

A course entitled "The Negro in American History" will be offered at the University beginning with the spring semester.

The three-credit-hour course will be offered to both advanced and graduate history students. Dr. Broadus Jackson, who will join the faculty in February, will teach the course.

Dr. Jackson, who is presently chairman of the Department of History at Maryland State University, is a native of Lynch, and a graduate of the former Rosenwald High School, Harlan. He received his AB from Fisk in 1949, his AMT in 1952 and his PhD in 1963, both from Indiana University.

"Basically the course will stress the development of the Negro in his American environment, and an attempt will be made to delineate his

role in the social, economic and political growth of the United States," said Dr. Edmund Hicks, chairman of the University History Department.

After a brief survey of the Negro's African background, the study will concentrate on the Negro's relationship to the main stream of American history. Attention will be

Continued On Page 16

### Doing Fine

President Adron Doran is reported "doing fine" today after having undergone a successful operation yesterday morning. The surgery described as a prostatectomy took place in St. Joseph Hospital, Lexington, which Dr. Doran entered Saturday. The president is expected to return to campus in about ten days.

## 'Happenings' To Appear In Concert January 21

"The Happenings" will happen at the University Tuesday, Jan. 21, as the Student Council presents the second concert under the Entertainment Series.

Students will again be admitted at the Laughlin Fieldhouse by showing their I.D. cards marked S C Special.

The time of the concert will be 8 p.m. "The Happenings" formed their group about five years ago in Patterson, N.J. For awhile they were known as "The Four Graduates." They decided to change their name, however, and in awhile things began to "happen" for them.

Five of their singles have been high on the charts in the years since they started. "See You in September" was their biggest seller selling over a million copies. The other songs were: "Go Away Little Girl", "Good Night My Love", "I Got Rhythm", and "My Mammy".

The Happenings' present not only a show of their songs, but also a variety of imitations of various groups and singers.

The group is made up of Bob Miranda (lead singer), Tom Guiliano (also singer), Dave Libert (organist), and Bernie LaPorta (tenor singer).

"The Happenings" have played on the "Tonight Show", "Smothers Brothers", and "Merv Griffin" programs. They also play at universities and nightclubs across the country.

Miranda describes their sound as a happy sound expressing a part of today's thought. "We like to think part of that thought is happy."

The Happenings

## Plays To Be Jan. 14, 18

"Fancy Free" by Stanley Houghton and directed by William Finmer heads the bill of plays to be presented in the Little Theater tonight at the 7:00 Theatre. The other two plays to be presented, also as fulfillment of requirements for a directing class at the university, are: "Muletail Prime" by E.P. Conkle directed by Orin Conley and "The Unseen" directed by Ralph Colville.

The second night of plays will be presented Saturday. On the bill for that night are: "Twenty Five Cents" by C.W. Harris directed by Dennis Klassmeier, "Death Cell" by Crane Johnson, directed by Donald Esken; "The Case of the Crushed Petunias" by Tennessee Williams, directed by Glenda Hagan; and "Voice of the North" by Luella Mahon, directed by Ron Kidd.

There is no admission charge.

Anna Mae Riggle, associate dean of students was recently elected treasurer of the Kentucky Association of Women Deans and Counselors for 1968-69. At Morehead since 1965, Miss Riggle was formerly the assistant dean of women at Kent State University, Ohio; freshman adviser at Miami University, Oxford, Ohio; and assistant dean of women at Ashland College, Ohio. She received her B.S. and M.S. from Indiana University.

## Out-Of-State Enrollment Drops As More Kentuckians Attend

A larger percentage of the total student body at the University is made up of Kentuckians this year than last year.

The out-of-state enrollment dropped 7.2 per cent from 1,819 in 1967, while the enrollment of Kentuckians went up 5.6 per cent from 4,329 to 4,575 students.

The drop in out-of-state enrollment can be attributed primarily to the increase in fees for out-of-state students from \$580 to \$740 for two semesters which went into effect this fall.

In the fall of 1967, 70.4 per cent of the enrollment at Morehead was made up of Kentuckians, 29.5 per cent out-of-state students. This semester, the percentage of Kentuckians has risen to 73.1 and the percentage of out-of-state student has dropped to 26.9.

"There is no question but that the increase in out-of-state fees cut back our enrollment as there were numerous highly qualified students from other states who would have been freshmen here who could not afford the increase in fees," said

## Dr. Barnes To Instruct Credit Course On ETV

The first university level course to be offered on the Kentucky Educational Television Network (Channel 38 at Morehead) will be "Linguistics: Grammar and Composition" by Dr. Lewis W. Barnes, professor of English at the University.

The entire state of Kentucky may see the program three days a week beginning on Monday, Jan. 20. Lasting for 15 weeks on Mondays, Wednesdays and Thursdays from 7:30 p.m. to 8 p.m., the course will consist of 45 presentations.

Structural, transformational, and tagmemic grammar and composition will be included in the program. A complete syllabus of the presentations will be available to students who desire to enroll.

The Kentucky Educational Television Network is operated under the auspices of the Kentucky Authority for Educational Television which has established transmitters in twelve locations - Morehead, Ashland, Richmond, Somerset, Hazard, Pikeville, Owenton, Covington, Elizabethtown, Bowling Green, Madisonville, and Murray. As a result, programs will reach every school and home in Kentucky with UHF receiving facilities.

Dr. Barnes, who has been at Morehead since 1963, has built the linguistics area at the University into

one of the strongest in this section of the United States and has become widely known for his extension and television classes. He holds seven degrees, including the LL.B. from John Marshall Law School, the Ph.D. from the University of Ottawa, and the D.Lit. from London University. This month, the Ph.D. in psychology of learning will be bestowed upon Dr. Barnes by London University.

Three semester hours of credit will be offered at both the graduate and undergraduate levels. Undergraduate students must have at least 60 semester hours of college credit to enroll. Tuition is \$30 for undergraduates and \$36 for graduate students. Registration for the course should be completed on or before January 20.

Persons interested in enrolling in the course should contact Montgomery Wicker, Director of School Relations.

### Farm Gets Manager

A farming specialist has been named manager-herdsman of the University's experimental farm.

Michael A. Burroughs, a 1967 graduate of Ohio State University with a B.S. in Animal Science, will be responsible for crop and livestock production at the 200-acre farm and will supervise projects conducted by students of the MSU agriculture department.

## Student Council Resolution Supports TB Going Weekly

The Student Council unanimously passed a resolution supporting efforts to make the Trail Blazer a weekly paper, at its meeting, December 10.

The resolution was proposed by Oscar Meadows, who said that a University the size of Morehead needs a weekly paper to aid communications. Meadows pointed out that Morehead was the only college in the Ohio Valley Conference that did not have a weekly paper.

During the discussion on the resolution, the rules were suspended to allow John Cannon, managing editor of the Trail Blazer, to take the

floor to answer questions.

Cannon said the Trail Blazer staff had been trying to get approval to go weekly for sometime. He said he has yet to be given a satisfactory explanation as to why the Trail Blazer can't go weekly and urged the Council to pass the resolution.

In another action, President Bill Bradford passed out a proposal to extend girl's hours during Daylight Savings Time in the Spring. Council members are now considering this motion.

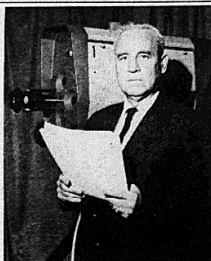

Meadows also asked that the possibility of opening the doors of Laughlin Health Building that open into the parking lot be looked into. He said it was a matter of inconvenience to many students who must walk around to the front doors when they could use these doors. Bradford is to look into this possibility.

## WMKY-FM Special Will Feature Band, Student Entertainers

Wednesday, January 15, WMKY FM will produce a two hour radio special "M.S.U. Tonight." The program will originate live from 214 Baird and will be hosted by Russ McClure and Don Young. The Morehead State University Stage Band under the direction of Gene Deaton will be featured.

Guests on the show will consist of Bill Bradford, Miss Ohio Valley Vickie Hufferdang, Folk singers Billie Faye and Dewayne Stewart, The Intimate Circle, and Miss Ashland Kentucky, Susan Stevens. Other guests and surprises are planned for the program.

Bill Birchfield and Mark Jordan, producer-directors of the project, said there will be a studio audience but seats will go to the first to arrive. Admission is free to the 9 p.m. program.

Dr. Lewis Barnes

## 'Cisco Bay Work Now On Display In Art Building

Works by San Francisco, California, bay-area artists are now on display in the Claypool-Young Art Building through January 22.

Entitled "Small Prints," the exhibition consists of a wide selection of works by such well-known artists as Richard Diebenkorn, Arthur Okamura, Nathan Olivera and William Wiley.

The prints are graphically illustrated in black and white.

Although print making is a dying art, California print makers produce a wide selection of their variety of approaches to print making.

Gallery hours are: Monday and Wednesday, 10 a.m.-10 p.m.; Tuesday, Thursday and Friday, 10 a.m.-5 p.m.; Saturday and Sunday, 1-5 p.m.

The "Small Prints" exhibition is a traveling show booked through the San Francisco Art Institute.

## Five Recent Alumni Among Outstanding Women For 1968

Five University alumni have been selected as Outstanding Young Women of America for 1968. They are: Peggy Ann Ackley, Susan Carol Hutchison, Kitty Wilde Kerestan, Judy Kay Moore and Cheryl Lee Porter.

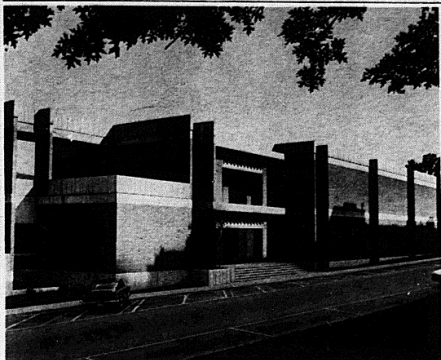

These women, whose names will appear in the 1968 edition of "Outstanding Young Women of America," have been honored for their outstanding accomplishments in community service, in religious and political activities, and in professional endeavors.

Mrs. Ackley is living in Boca Raton, Florida. A member of the Peace Corps in South America, Miss Hutchison is a 1966 graduate of the University, and her home is in Shelbyville. Mrs. Kerestan, a 1968 Morehead graduate, lives in Hamilton, Ohio. Mrs. Moore of Owingsville, is a 1968 graduate of Morehead. A resident of Raleigh, N.C., Miss Porter graduated from Morehead in 1968.

## Check Cashing Stops Friday

Personal checks will not be cashed at the Business office after Friday, January 17, 1969. In emergency situations, checks with Ronald Walke, Associate Dean of Students. Personal checks will be accepted in payment of fees and accounts owed to the University.

Personal checks may be cashed after registration for Spring Semester.

The Claypool Young Art Building has received a Kentucky Society of Architects Honor Award. Six winners of Honor awards were chosen from among 26 entries. Jurors in the statewide contest were Bruce Goetzman and Otto Bauer Nilsen of Cincinnati. They described the Morehead structure as "tasteful, dignified and successful." The Building was designed by Lee Potter Smith, Pritchett, Hugg and Carter of Frankfort.

## Rod McKuen, Personal Poet Who Relates By Simplicity

By John Cannon  
Managing Editor

Poetry and fortune rarely go together. Few poets have even made it rich, at least not by writing poetry.

One exception to this rule is 34-year-old Rod McKuen.

McKuen is a poet, composer, musician, performer, and some even consider him a singer, at least he attempts to sing.

He is the newest idol of many a college coed, elderly lady, businessman and English major.

His first two volumes of free verse, "Stanyan Street and Other Sorrows" and "Listen to the Warm," have sold close to 250,000 copies in hard back to date and are currently outselling the top fiction seller. Also his record albums are becoming top sellers, especially on college campuses, and he is writing music and lyrics for movies and plays. In all, he grossed around a half million dollars in 1968.

What makes McKuen's poetry popular in a country not known for its love of the fine arts?

McKuen's poetry appeals by and large to females. His message is clear and simple. Rarely does one have to read or hear one of his poems twice to

understand its message. His poetry is sentimental. Sometimes to the point of being sickening sweet to many readers.

His work is usually very personal and romantic. He does not write in abstractions but writes of things to which almost anyone can relate. He writes of the sky, the sea, a day at the beach, and lost animals.

McKuen says, "I am not a poet; I'm a stringer of words. My stuff is conversational, one man saying as simply and honestly as he can how he feels about people and himself. . . . Today I'm the only one doing what I'm doing, but hopefully not the last. I don't think I will be. I'm convinced we're on the verge of another romantic era."

McKuen is quick to admit that most of his work has questionable literary value, as it often uses clichés and stale imagery.

Nevertheless, his work is popular and is making McKuen, a high school dropout who writes most of his work while in the bathtub, a rich man.

Why? Well perhaps people are looking for a little simplicity in an ever more complex society.

## Registration Starts Saturday, February 1

Registration for the spring semester will begin officially at 8 a.m. (EST) Saturday, February 1, with the registering of part-time students for night and Saturday classes.

All registration activities will be conducted in the multi-purpose room of the Laughlin Health Building.

Graduate students and seniors will register Wednesday morning, February 5, beginning at 7:30 a.m. Sophomore and junior registration will start at 1 p.m. the same day and continue through noon of the following day.

Freshmen will begin registering at 1 p.m. Thursday, February 6, and will continue through Friday.

Classes are scheduled to begin Monday, February 10.

The registration fee for full-time

in-state students will be \$100, and the fee will be \$350 for out-of-state residents. A \$20 incidental fee is charged to all students enrolling for more than six hours.

The registration fee for undergraduate students who are residents of Kentucky and enrolled for less than 12 hours is \$9 per semester hour. This fee for out-of-state students is \$30 a semester hour.

The registration fee for graduate students who are Kentucky residents enrolled for less than nine hours is \$12 a semester hour. This fee for out-of-state residents is \$40 a semester hour.

## Playforth Selected To Committee On Education For Social Welfare

Dr. Roscoe H. Playforth, dean of the School of Social Sciences, has been appointed to the advisory committee for a Department of Economic Security project dealing with "The Promotion and Development of Education for Social Welfare Personnel in Kentucky."

In a letter to Dr. Playforth, commissioner Eugene Goss referred to Dr. Playforth's "outstanding work" which has enabled the University to establish an undergraduate social welfare curriculum.

The project on which Dr. Playforth will work is to serve as a companion project to the Southern Regional Education Board's project, Tennessee, Virginia, West Virginia, Maryland, and Texas have also been approved for

companion projects.

The Southern Regional Education Board project is a three-year attempt to alleviate the shortage of qualified personnel for social and welfare services. The structure is such that both projects have mutual goals with the Southern Regional Education Board providing technical assistance and other help as needed and extending project services through the fifteen Southern Regional Education Board states.

The Kentucky project's goal is to increase the quality and quantity of baccalaureate manpower to meet the needs for personnel in social welfare programs of public and voluntary agencies. As the focal point is the worker with a bachelor's degree, the project will take a systematic approach, viewing each aspect of the manpower problem: recruitment, education, utilization, and retention. The project activities are to be planned to have simultaneous impact in all four areas.

## Auto Registration Procedure Set For Spring Term

Any student who plans to register an automobile for the second semester, 1968-69, must show (a) registration papers or bill of sale for the automobile (b) adequate proof of liability insurance, and (c) a valid operator's license. Dean of Students Buford Cramer said today.

This information must be presented on the day of registration before permission for a traffic sticker will be given. Compound stickers will not be issued during registration.

Helen M. Hodges

## Final Week Always A Trying One As Students Cram For Knowledge

by Diane Gilbert

The moment of truth has finally arrived!

All the knowledge that has been showered upon you these short 18 weeks will either be successfully put to use on a final examination or will be lost among other forgotten matters of the past. It all depends on you.

Some feel that there is no hope for their grade. So why study? These students spent countless hours at the grill or in the lobby of the dormitory watching television. Others dutifully spent much time in the library or some other quiet place studying daily assignments.

No matter what type student you were the past 18 weeks, the next week will be a trying one for every student. It will be a hard time to get along with roommates and friends, for you will be tired from late cramming.

Consideration and concern will be necessary during this period.

Most important to everyone is the study period which sometimes will (or should) last the entire day. Of course, continual study is difficult, but there are a few ways to help the student.

First, one should never cram study for an entire course into one short night. A few brief reviews beginning right now would be helpful when the final is taken. Too many facts crammed into a person at the last minute are confusing and could tend to be more dangerous than no study at all. A quick review right before the test should refresh one's memory.

Second, long study periods should be interrupted by a few breaks. These breaks, usually 5-15 minutes in length, should involve complete relaxation. In a recent psychology report the following study period theory was

presented. The first study period should be about 40 minutes long followed by a 15 minutes break. The rest of the study period should be 20 minutes with a five minute break. This has proven to be a reliable system for long study hours.

A third caution for final examinations is not to stay up all night studying. No-Doz may keep you awake, but may also damage your mental ability during the exam. The old adage, "Early to bed, early to rise, makes a man healthy, wealthy and wise," should be followed or one may not even make it to the final.

Last of all, go to the examination prepared with necessary materials, and prepared with necessary information.

Don't be among the students who come out of an exam saying, "I probably could have passed that test, if I had studied for it."

## Reviewer To Speak Thursday

The University Book Club will hear Helen Milburn Hodges, nationally prominent book reviewer, Thursday, Jan. 16, at 7:30 p.m. in the library materials center.

Miss Hodges will review "The New Year" by Pearl Buck. Interested members of the student body, the faculty, and any others not members of the book club may attend.

Mrs. Hodges, who studied dramatics at Illinois College and the University of Colorado, now makes her home at Murray, Ky. Over the past several years she has given more than a thousand dramatized book reviews to university, college, high school, civic, fraternal and church groups.

# Eagles Tumble 93-88 To Middle Tennessee

by Charles Deakins

Middle Tennessee put new life into the OVC race with a stunning 93-to-88 upset win over the Eagles Saturday night in Murfreesboro.

Morehead chose inability to win on the road has cost them games before, had a chance in regulation play to put it away, but Willie Jackson's 15 footer wouldn't fall with three seconds remaining.

Polk and Cochran are Stars

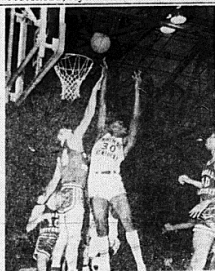

Art Pole a 6'5" forward scored a career high 34 points while grabbing 20 rebounds. The unsung hero of the night was Terry Cochran who had failed to score in regulation play. Cochran hit 2 crucial baskets in the overtime period and it seemed to turn the momentum of the evenly fought game.

Free Throws Decide

The Eagles scored on three more field goals but connected on only 10 of 23 throws while the Blue Raiders were cashing in on 21 of 36. Jerry Conley and Jackson scored 25 points a piece while Bobby Hiles added 15.

Willie and Booker Brown Foul Out

Morehead seemed to be home free when Willie Brown, the conference scoring leader, fouled out with 13 minutes remaining. Brown had been averaging 26 points a game and he was waved to the sidelines. Further encouragement followed when Booker Brown Middle Tennessee's 7 footer fouled out with about 8 minutes left. But, the Eagles fell into the same situation as Lamar Green and Ron Gathright were lost by fouls late in the foul-planned game.

Willie "Hobo" Jackson, Eagle center, shows rare form in out jumping rival pivotman.

## Eagles Win Citrus Place Three On All-Tourney Team

Tournament champion Morehead placed three men on the live-man Citrus Classic All-Tournament team which was named following the championship game Saturday night.

Guard Jerry Conley and forwards Lamar Green and Ron Gathright represented the Eagles on the team. Others selected for the team were Fred Taylor, a 6-5 junior guard for West Pan American, and 6-5 forward Gene Ford, a senior forward for Western Michigan University.

Conley, a 6-2 senior from Jenkins, scored 45 points in the Eagles' dual wins. He popped the nets for 32 points to lead Morehead over a tough Western Michigan five 109-93 Friday night.

Green, who is averaging 16.6 rebounds a game, was elected to the team on the strength of his rebounding. The 6-7 senior from Birmingham, Ala., pulled down 19 rebounds in 30 minutes Friday night and grabbed seven rebounds in a slow-down contest Saturday. Morehead defeated Pan American 82-74 in the final.

A 6-3 junior, Gathright, who played his high school ball at Louisville's Thomas Jefferson High School, scored 39 points and grabbed 27 rebounds in the two contests. He had 24 points and 16 rebounds against Western Michigan. He connected on 17 free throws for the two games.

"Our boys went to Texas with winning the tournament in mind," said Eagle Coach Bob Wright. "This was only Pan American's second home loss in its last 39 games, and this is only the second out of 12 invitational tournaments which Pan American has lost."

## Eagle Footballers Honored; Place 4 On First OVC Teams

Seven Morehead football players have been named to the 1968 All-Ohio Valley Conference teams, selected by the OVC coaches.

Named to the first offensive team were senior tight end Marvin Hicks, a 215-pound senior from Clarkston, Ga., and Louis Rogan, a 200-pound sophomore tackle from Cable, Ohio.

Dave Haverdick, a 230-pound junior tackle from Canton, Ohio, was a repeater on the first-team defensive unit. He was joined on the first defensive team by senior safety Leon Wesley, a 180-pounder from Savannah, Ga.

Eagles on the second-team offensive unit are 205-pound tackle Ed Mignery, a sophomore from Fairfield, Ohio, and senior guard David Moore, a 225-pounder from Paoli, Ind. Jim Fisher, a 230-pound senior tackle from South Charleston, W.Va., was named to the second-team defensive

## Argued Call Puts WKU Past Eagles

By JIM POLAN

Columnist, Green & Times Staff Writer

BOWLING GREEN, Ky. — The story of Western Kentucky's 87-86 overtime decision over Morehead State last night can be found in the last 15 seconds of the Ohio Valley Conference basketball game.

From Western's standpoint, the game was won when Jim McDaniels hit a layup with five seconds to go to push his team ahead 87-86.

From Morehead's standpoint, the game was lost when, 19 seconds earlier, referee Johnny Miller made a call that left coach Bob Wright complaining. "They took this game away from us."

Reviewing the controversial call by Miller:

Leading 86-85, Morehead had possession with 15 seconds to go in the overtime period with playing guard Bobby Hiles attempting to throw the ball in bounds from the side of the court.

Watch His Feet

Western defender Rich Hendrick, in his haste to guard Hiles, stepped on the out-of-bounds line and Hiles pointed to the referee and said, "Watch his feet."

Miller took the call from Hiles, signaled for Hendrick to step back and then tried to get the ball back in play. Hiles, unable to find an open teammate, then rushed at Miller and signaled for a timeout.

Continued On Page 12

## Ex-Eagle Grid Ace Now On Top As Ohio Prep Coach

By Charles Deakins

Mike Gottfried, a former Morehead quarterback who is now coaching at Norwalk St. Paul high school in Ohio is finding high school coaching very pleasing.

In the two years that he has been at the Ohio school his teams have won 19 games while losing only one. The past season his team won all 10 games and placed first in the class. A blade football poll, second in the Associated Press class, Ohio poll and in the top ten of the United Press International Ohio poll.

Dedication is the Key

"Coach Gottfried has the certain something, the ability to not get 100 per cent out of every boy but 110 per cent every time on every effort," said St. Paul principal, the Rev. William Bodart.

You can't let anyone of this caliber go by without recognition. When St. Paul got Mike Gottfried they got the best.

## Hot Conley Finds Range In Romp Over Austin Peay

by Charles Deakins

It took Jerry Conley 16 minutes to get his first basket and Morehead 8 minutes before it could get its first lead but both came on strong by half-time as the Eagles blasted Austin Peay 79-79.

Austin Peay grabbed an early 9 to 3 lead but faltered after eight minutes of action as Morehead built up a 41 to 27 half-time bulge.

In the second half the Eagles twice built leads of 20 points, once at the start 49 to 29 with 18 minutes remaining and 97 to 47 at the end. It between, however, there was plenty of action.

Wright and Press Spark Comeback

Harold Wright a Louisville Central product scored 12 of his 26 points in a six minute stretch and a well executed press turned what looked to be a rout into a close 70 to 65 ballgame with eight minutes remaining.

Conley and Green Kill Upset

Jerry Conley and Lamar Green showed why they were all OVC selections as juniors as they promptly put the game out of reach with five baskets over a two minute stretch. Conley who started slow wound up shooting a phenomenal 12 of 19 from the floor and 2 for 2 at the free throw line giving him 26 for the night. Green grabbed a game high 22 rebounds and added 24 points while Gathright pulled down 13 and scored 8. Bobby Hiles scored 16 with substitute Jerry Huseman getting 11 and 6 rebounds.

Howard "the shot" Wright scored 26 to tie Conley for the games high scorer while Larry Noble of Breathitt County, only a Sophomore, poured in 20. Noble was also Austin Peay's leader in rebounds with 11.

For the game Morehead the No. 1 offensive team in the nation hit 41 of 88 shots for 46.6 per cent. Austin Peay hit on 27 of 62 for 43.5 per cent. The Eagles up among the leaders in rebounding grabbed 61 to only 35 for the Governors.

## Line Coach Behling Signs 250 lb. Ohio Grid Star

Dave "Hoss" Rhodes, a 250-pound tackle from Fremont, Ohio, has signed a football letter-of-intent with Morehead.

Rhodes, who stands 6-2, was signed by John Behling, the Morehead offensive line coach who was Rhodes' high school mentor at Fremont Ross High School in 1967. Behling called Rhodes "an excellent prospect who has the potential to be a really great one."

"We are happy to sign Dave as he

could possibly be a starter for the Eagles next season," Behling said.

Rhodes, whose brother was a halfback for Bowling Green University, has been injury prone, suffering a broken leg each of the past two seasons. He was limited to five games in both his junior and senior year because of the injuries.

Behling hopes that Rhodes has snapped the injury jinx and can be available for fulltime duty for Morehead in 1969.

Footballers Honored—Awards went to five players at the Morehead football banquet. Louis Rogan (left), a sophomore tackle who was 12th in the nation in rushing was named the most valuable player by his team-mates. He is from Cable, Ohio. Other winners were (left to right) Ed Mignery, offensive tackle, Fairfield, Ohio, most improved player; Dave Haverdick, defensive tackle, Canton, Ohio, best defensive player; Marvin Hicks, tight end, Clarkston, Ga., best blocker; and Bill Wamsley, Gallipolis, Ohio, best hustler. Rogan and Haverdick were honorable mention on the Associated Press Little All-America team.

## Latest NCAA Stats Show Eagles Leading In Offense

The latest NCAA official basketball statistics, which included games on January 1, listed Morehead as the major-college team leader in both team offense and rebounds.

Through their first eight games, Bob Wright's Eagles had scored 766 points for an average of 95.8, 1 point ahead of Michigan. Michigan scored 99 points against Iowa Saturday, while Morehead pumped in 111 in defeating OVC conference foe Murray State 111-78.

Morehead's average through nine games has increased to 97.4, while Michigan's is up 96.0 in ten games.

Retrieving only 55 rebounds against Murray State, Morehead is now

averaging 67.9 rebounds a game, which is 2.4 rebounds less than shown on the latest NCAA statistics.

Lamar Green, a 6-7 forward, is Morehead's leading rebounder with an average of 16 per game. Center Willie Jackson is averaging 13.1 rebounds and forward Ron Gathright is averaging 11.8.

Jerry Conley tops the Morehead scorers with an average of 19.6, followed closely by center Jackson's 17.9 average. Other Eagles averaging in double figures are Gathright with 13, and Green with 13.8. Bobby Hiles, Morehead's other starter, is scoring at a 10.0 clip.

## Freshman Basketbatters Shoot For Second Victory At Williamson

Morehead's freshman basketball team will battle Marshall University's unbeaten frost at Williamson, W.Va., on Saturday, Jan. 18.

Morehead's Baby Eagles, coached by Leon Schrader, have lost tough games to Somerset Community College and Sullivan Business College in Louisville.

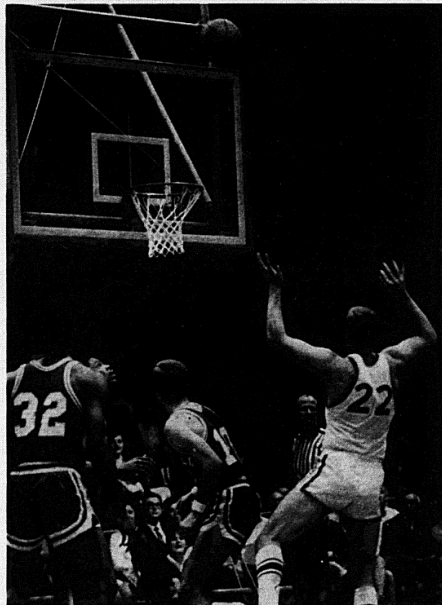

The Little Herd of Marshall has decided the junior varsity teams of Morris Harvey, West Virginia State, and Pikeville. All of the victories were played on Marshall's home floor.

Six-foot guard Eddie Conley of

Jenkins is the lone scholarship player on the Morehead team. He is the younger brother of Jerry Conley, Morehead's All-Ohio Valley Conference senior guard.

Other Morehead starters are expected to be Harry Francis, a 5-10 guard from Glasgow; Malcolm Blount, a 6-4 center from Fort Valley, Ga.; Mike Guillier, a 6-4 forward from Owingsville; and Mike McKinney, a 5-11 forward from Brooksville.

The game will be sponsored by the Williamson Rotary Club.

Jerry Conley, the leading scorer on the leading offensive team in the nation, fires one up against arch-rival Marshall.

## 11 Teams Still Undefeated In IM Basketball Standings

With the start of a new year only 11 of the original 71 intramural basketball teams remain undefeated.

The league leaders of each of the eight leagues and their records are: League I - CK's 5-0 and A.E. 4-0; League II - Has Beens 5-0; League III - Saints 4-0; League IV - Super Rebels 4-0 and Litz's Blitz 4-0; League V - Rebels 5-0; League VI - Rubies 5-0; League VII - No Names 5-0 and Old Timers 5-0; League VIII - Knicks 5-0.

### Basketball Scoring Leaders

Sam Daugerty of the Has Beens, currently undefeated and leading League V, leads the intramural basketball players in scoring. He has scored 103 points in five games for an average of 20.6.

Close behind Daugerty are Jim Kalfus of the Saints with a 19.5 average and Dan Jinks of Aquila I with a 19.4 average.

### Paddleball Tournament Results

Al Frazier defeated Phil Casciano in the finals to win the intramural paddleball tournament. Frazier was one of a field of 31 before he defeated five opponents to reach the finals against Casciano.

### Punko Wins Handball Tournament

Mike Punko defeated Al Frazier two games to one to win the intramural handball tournament. Punko had to play through 40 participants to meet Frazier in the finals.

In the first game Punko defeated last year's runner-up Frazier 15-11. In the second game Frazier struck back to even the series up at one game each. But Punko stormed back in the final game to capture the championship.

## Seniors and Graduate Students

Career hunt with 90 of the finest companies having operations located in the New Jersey/New York metropolitan area. On December 26-27 at the Marriott Motor Hotel, intersection of Garden State Parkway and Route 80, Saddle Brook, New Jersey.

For more details, including a listing of sponsoring companies, see your college placement director or write to the non-profit sponsor of the second annual "Career-In" Industrial Relations Association of Bergen County, P. O. Box 533, Saddle Brook, New Jersey 07662.

Morehead's Baby Eagles are shown here with Coach Leon Schrader (far left, back row) and Mickey Fields (far right). Larry Conley, Morehead's only scholarship player is shown kneeling at far right, front row.

## Coach Mack Praises Abell As Six Swim Meets Remain

Morehead's swimming coach Bill Mack has announced six remaining meets on his team's schedule.

Remaining meets include three home meets and three away meets, as well as the state swimming meet at the University of Kentucky February 28-March 1.

Morehead's next meet is scheduled for 2 p.m., January 18, in the Senff Natatorium in Morehead against the University of Kentucky. Coach Mack's charges lost their first two encounters.

On January 22, Morehead will visit Centre College at Danville, and January 25 they will host Tennessee

A&I. Berea College will host the Eagles on February 8, and on February 15 Morehead will swim against Eastern Kentucky at Richmond.

The final home swimming meet is scheduled for February 22, when Union College will challenge the Eagles.

Coach Mack praised the work of Bob Abell, a freshman from Jeffersonville, Ind. Abell broke the school record for the 100-yard and the 200-yard free-style events in his first two meets.

## The School's Role In Age Of Computers Considered

### Special To The Trail Blazer

"It's time to do some careful analyzing and some far-sighted thinking about the role of the school in the context of the electronic computer revolution we find upon us."

This warning is posed by Elizabeth C. Wilson, director of the department of Supervision and Curriculum for the Montgomery County Public Schools in Maryland.

Writing in the November issue of "The Record," Miss Wilson points out, "If (Professor Marshall) McLuhan and other experts are correct about the scope and speed of the electronic revolution already on our doorsteps, then the whole concept of the function of the school in our society needs massive reexamination."

In her article, "The Knowledge Machine," Miss Wilson predicts that parts of the standard school curriculum will be "absorbed" by this revolution. First, language and mathematics courses, since they can be logically and sequentially programmed, will be absorbed; next, courses in the sciences and social sciences.

What will then be the function of the school? "To prepare students for vocations?" "To concentrate on the 'soft' subjects like the fine arts, recreation, social and moral education? To use the knowledge acquired? To become a baby sitter?"

One important change Miss Wilson predicts is that the vocational function of the school will steadily decline in the years ahead. Specific vocational and professional training will, to an increasing extent, be accomplished through experience in the real world. Vocational preparation will be done on the job. The school

will concentrate on giving the student such knowledge as will enable him to be flexible and to learn specific jobs more easily.

## Eagles Fall To Western 87-86

Continued From Page 10

time out and, instead, awarded possession to Western because the visitors had failed to get the ball in bounds in the required five seconds.

Hiles and his teammates argued vehemently, but it did Morehead no good. Western capitalized at the opportunity and, after a time out, went down to score the winning basket by McDaniels.

Western, taking over sole possession of the OVC lead by pushing its league record to 4-1, held a 77-70 lead with 2:50 left.

Morehead then made a gallant charge, and not until the last second of regulation play—when Danny Cornett rifled in a 25-footer—did the visitors pull even at 78-78.

Cornett's long shot came after Hendrick had canned a free throw with eight seconds left to give Western a 78-76 edge.

### Hits From 'Way Out

Cornett then pitched in bounds to Morehead guard Jerry Conley, who passed back to Cornett at mid-court. The little guard then hit from 'way out as the buzzer sounded.

Cornett couldn't duplicate that feat in the overtime, however. After McDaniels' basket in the waning seconds, the Morehead sharpshooter missed another long one as the game ended.

Morehead thus dropped its second straight OVC overtime game. Wright's team fell 83-88 at Middle Tennessee last Saturday and stands 3-2 in league play.

## New Urban Affairs Major Gets Committee Approval

A new interdisciplinary major in urban affairs has been approved by the Curriculum Committee of the University.

"The program, requiring 30 semester hours, will provide a background for persons desiring to enter a graduate program in city planning," said Dr. Roscoe Playforth, Dean of the School of Social Sciences at Morehead.

As a non-teaching major, the program is conceived as a "pre-city planning curriculum." Dr. Playforth said. "It will act as a general overview in the field of urban affairs and make it possible for those interested in city planning to better prepare themselves," the Dean added.

Two new courses, "American Urban History" and "Urban Geography," will be offered next fall in conjunction with the major. Other courses which will constitute the major are already included in the

curriculum of the University.

Required courses for the major, in addition to the newly created ones, are "Municipal Government," "General Sociology," "Urban Sociology," and "Special Problems in Urban Affairs." Twelve hours of electives may be selected from six related three-hour courses.

"It is strongly suggested that students with an urban affairs major include statistics and computer programming fundamentals in their programs," Dean Playforth said.

"Statistics and computer programming are tools which are becoming more helpful to the social scientist as the discipline becomes more quantitative in its research and analysis," Dr. Playforth said.

Col. Thomas Harris chats with a cadet at an ROTC Officer reception held before Christmas. It was the first formal occasion for the new ROTC Department.

## Summer Employment Open In Ky. Public Information

By Larry Seewald

Summer employment is available in Kentucky's Office of Public Information in Frankfort according to James Host, state commissioner of Public Information. Citing one example, Host said he hired a Negro journalism student from U.K. last summer who was one of the best reporters that he had seen, full time or part time.

Host, speaking to two Morehead Journalism classes on December 18, said that since he has taken office he has tried to improve the image of the state agencies. This image he said has been that employees in Frankfort didn't do much work and were lazy.

This he said is definitely not true.

From his department alone, 3,967 news releases were given out in the past year, produced by only five writers, and 96,000 glossy prints of pictures were distributed.

For those seeking permanent employment upon graduation, Host said that his department has an extensive training program for the beginner. This involves a two-week training period where all questions pertaining to the job are answered so there will be no misunderstanding about what the newcomer is supposed to do. It costs about \$1000 to train a person. One of the big problems in this is that as soon as a person is well trained a larger company which pays more often hires the person away.

Starting salary in the department if \$480 a month; publicity specialist get \$504 and a senior publicity specialist gets \$530 a month. The department is trying to upgrade salaries at the present time.

## Debate Tournament Picks Best Teams And Best Speaker

A University debate squad went to Ball State University in Muncie, Ind. on January 10, to compete in the Gavel Debate Tournament. The Morehead squad was composed of Craig Martin, Don Cetrulo, Lynda Phelps, Tom Hager, Mike Greene, and Dan Egbers, and accompanied by Mrs. Julia Webb and Don Holloway.

The third annual Christmas tournament was held on campus December 15, 16, and 17. This tournament is intra squad debating in which beginning debaters are given an opportunity to debate, aided by novice and varsity debaters.

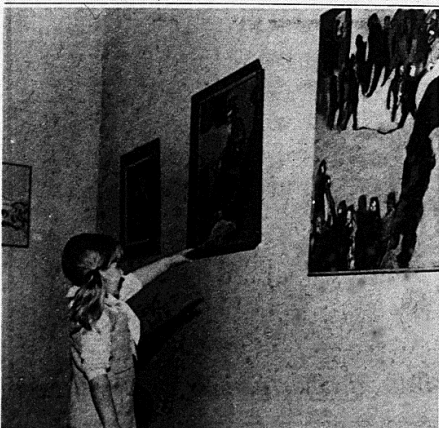

Lynda Phelps and Lisa Clarke were judged the best negative team and Dan Egbers and Connie Wells were judged the best affirmative team.

Lynda Phelps, also, was awarded the best speaker's award. The names of the winners will be engraved on a plaque presented by the Forensic Union.

# Night Behind Bars Is A Fantastic Experience

The below article is an eye-witness account of the Christmas Recess Institute at the Federal Youth Center at Ashland, Kentucky on January 2 and 3. The institute was composed of twenty-two students from Kent State University, University of Louisville, University of Kentucky, Temple University, Marshall University, and Morehead State University. Morehead State had the largest representation, with eleven participants. This account of the institute was written by Elmer Ray Smith of Morehead State's junior, business education major from Inez. Elmer spent last summer working with high school students in Project Upward Bound.

by Elmer Ray Smith  
Fantastic!! Educational!! These are two words I feel appropriate to use in describing my participation in the Christmas Recess Institute at the Federal Youth Correctional Institute at Ashland, Kentucky on January 2 and 3.  
This will be two of the most remembered days of my educational

career. I had an idea of what life was like in an institution, but I feel privileged to have had the opportunity to observe from the inside.  
The institute participants were housed in the cells with the inmates who were short-termers (have received their date of release). During the course of the institute, I met and conversed with approximately 45 inmates. Those I talked with were committed for the Dyer Act, while other commitments were for theft, narcotics, conscientious objectors, and various other commitments.

### One Was Entertainer

My conversations with the inmates helped me to relate what the officers were conveying to us in our sessions. One inmate I talked with really impressed me with one of his statements. This particular inmate was from North Carolina and was due for parole in 22 days. He had once been a professional guitar player, and had performed on television, Grand Ole Opry, and the Porter Wagoner Show.

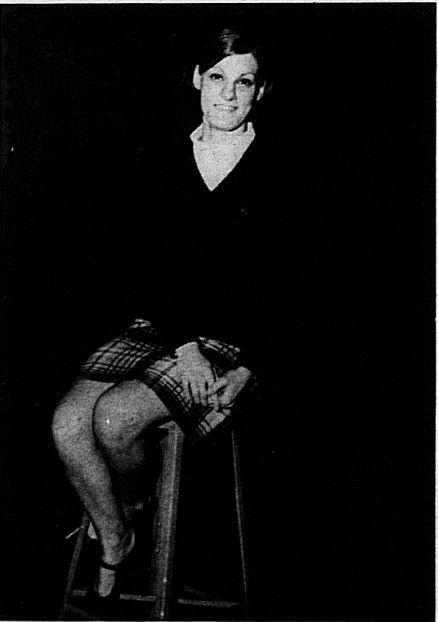

He planned to renew this interest upon his release.  
He said, "You know, once a man spends three years of his life behind bars, it makes him really appreciate what this great country has to offer."  
Several facets of the institute impressed me very much, such as the total educational program. All classroom work completed toward a G.E.D. certificate is programmed instruction. The inmates also have the opportunity to pursue nineteen different vocational areas, such as auto-mechanics, bricklaying, woodwork, plumbing, air conditioning, service station operator, electricity, and numerous others.  
Three learning centers, and a spacious library are available for the inmates use. The library contains approximately 1,000 books. The equipment used in the institution such as teaching machine, is very advanced, which tends to help the classroom situation for the instructor.  
The institution has approximately 500 inmates, with a full-time staff totaling 50. The institution has a large

hospital area, pharmaceutical division and also employs a full-time psychologist.  
"Very Educational"  
The opportunity to observe court call was very educational. This occurs when an inmate has broken a rule and is called in to discuss the offense. He is brought before a team of three officers and a decision is made as to what type of punishment he will receive.  
I also was pleased with the food service and the cleanliness of the total institution, and the neatness of the inmates.  
There appeared to be a very relaxed air between the inmates and officers, which I feel is ideal.  
These were a few of the many impressionable incidents I experienced. In summation of the institute, I feel this was a once-in-a-lifetime opportunity, and I will always remember my first night behind bars.

## High School Speech Tournament To Be At University Breckinridge

Several high schools are expected to attend the University Breckinridge speech tournament Saturday, Jan. 18.  
The students will be competing in debate, discussion, extemporaneous speaking, original oratory, analysis of public address, interpretive reading of drama, serious and humorous, poetry, prose, broadcast announcing, duet acting, and story telling.  
Students will perform in front of different judges in each of their three rounds of competition. Each judge will rate the student. Some judges will come from the University's speech and drama departments.  
A first and second place trophy and a third place certificate will be awarded in each of the events. The school with the most winning participants will receive the Grand Sweepstakes Award. Prizes will be donated by Morehead businessmen.  
Breckinridge speech students will be serving lunch and the proceeds will go toward the speech students' trip to New York, later in the year.  
The events will be held in

Breckinridge and the Combs Classroom Building and will be open to the public.  
**New Phone System Will Install Phones In Each Dorm Room**  
A new building, located next to the Administration building, has been completed on campus.  
Tentatively scheduled for use Dec. 20, 1969, this building known as the Centrex Telephone Building, will house the new phone system for the campus.  
The system will call for a phone in each dormitory room, and will be installed in the new dorms first. These dorms which are now under construction, womens dorm No. 5 and mens dorm No. 7, are being built with the phones installed, and other campus dormitories will receive the phones on a scheduled basis.

Susie Meade, a junior from Neon, is K-Mate for January. She is a Home Economics major, a member of Sigma Delta Tau, and serves on the Student Life Committee.

## Club News

### Delta Omega Xi

The Omega's took charge of collecting money for Pincrest Children's Home for Christmas presents. Thanks were expressed to the following dorms for their contributions: Cooper, Regents, Wilson, Butler, Mays, East Mignon, West Mignon, Mignon Hall, Mignon Tower, Allie Young, Fields, and Thompson Hall, with an extra thanks to Cooper for the amount of money collected (\$70) and to Regents for the donation of a miniature pool table.

The Omega pledges planned a Christmas Party to honor actives December 14. Dinner, games and the exchanging of gifts between "little and big sisters" were highlights of the evening. Also a gag gift passing party was enjoyed. Advisors were present and received gifts from both actives and pledges.

Pledges presented Gene Kiser (TAE) with a trophy for coaching the TAE Decadron. Omega pledges were third place winners in the Decadron. Delta Omega Xi and the Pre-Vet Club sponsored a dance Friday, January 10, at the Laughlin Health Building featuring the "Licorice Legend" and their strobe lights.

Sue Adams received an engagement ring from Mike Quinn. Wedding plans are incomplete. Carole Carte, Omega advisor, also received an engagement ring, from Wayne Morella (ZAP). A June wedding is planned.

### Political Science Club

The Political Science Club will hold its next meeting January 15 in Room 301 of the Education Building at 7 p.m.

The meeting will be very important as plans will be discussed for the March 27 International Relations Day.

### Theta Sigma Tau

Four new pledges were accepted into Theta Sigma Tau during open rush. They are: Joyce Osborne, Portsmouth, O., Pat Gribbens, Steubenville, O., Karen Patterson, Loveland, O. and Dianne Burney, Hope, Ind.

Susie Meade, an active, was chosen

K-Mate by the Circle K for the month of December.

Five Theta actives and pledges entered the Best-Dressed Contest. They were: Janet Risner, active; Susie Meade, active; Mary Hawthorne, pledge; Brenda Booker, pledge; and Beverly Bowling, pledge.

## Drew Pearson To Be On 'Nite Call'

Columnist Drew Pearson will appear on Night Call on Wednesday, January 15th. Also appearing during the week on the national telephone call-in radio program will be former national coordinator of SNCC James Forman, attorney William Kuntler, and Kentucky attorney Harry Caudill, who wrote the book "Night Comes To The Cumberlands."

Night Call is broadcast live weeknights from 11:30 p.m. to 12:30 a.m. (EST) on a network of over 90 stations. Listeners are invited to call in, collect, to speak with the guest and program host Del Shields.

Tuesday, Jan. 14 — James Forman, former national coordinator of SNCC, talks about the "Evolution of the Black Movement."

Wednesday, Jan. 15 — Drew Pearson discusses "What's Happening on Capitol Hill?"

Thursday, Jan. 16 — Attorney William Kuntler discusses "Attorney For The Dissent."

Friday, Jan. 17 — Harry Caudill, Kentucky lawyer and author of "Night Comes To The Cumberlands," talks about "Appalachia — Still Poor, Still Forgotten."

Tennis is the one sport in which it is permissible to have the best racquet in town. — Lee Batchelor, Sauk Rapids (Minn.) Herald.

President Adron Doran watches State Highway Commissioner William Hazelrigg prepare to cut the ribbon officially opening a new section of I-64.

## CSV's Aid Vietnam Soldiers

Cadet Corporal Dennis R. Earl receives the 1968 National Rifle Association Award from Lt. Col. Thomas A. Harris, professor of military science. Earl earned this recognition by maintaining the highest average (354 of a possible 400) with a .22 rifle for four consecutive years while a member of the ROTC Rifle team at Cardinal Farley Military Academy, New York. Earl is a freshman in business.

## Seminar For Area Social Workers To Be Conducted By University

The University, in conjunction with the State Department of Economic Security, will conduct a five day seminar for area social workers beginning Monday, January 20.

The purpose of the seminar, which will begin with registration at 9 a.m., January 20, in the Education Building, will be to train social workers how to better counsel their clients, said Dr. Morris Norfleet, vice president for research and development.

"We hope to make the seminar participants more aware of the various opportunities available to the people

who they are counseling and to develop a better understanding of job entry requirements and an understanding of how to apply counseling techniques," Dr. Norfleet said.

Social workers from 11 Eastern Kentucky Counties have been invited to participate in the seminar, which will meet through January 24.

Counties expected to send representatives to the seminar are: Boyd, Bourbon, Fayette, Fleming, Jessamine, Lewis, Mason, Montgomery, Morgan, Rowan, and Scott.

Linda McKee and Wayne Gifford

## Two Students Win Awards At National 4-H Congress

Two University students, Linda McKee and Wayne Gifford, recently attended the five-day National 4-H Congress in Chicago and came away with top awards.

Miss McKee, a freshman home economics major won the Ohio competition in home improvement. A sophomore agriculture and business major, Gifford was top in Kentucky's agriculture competition.

The congress program was "patriotic, religious, and moving as well as fun," said Miss McKee. The 4-H delegates were given special concerts by The Cowsills, The Chicago Symphony Orchestra, and the New Christy Minstrels.

Other highlights of the congress for the 1600 delegates were tours of the Chicago museums, meeting Miss

America, and \$30,000 breakfast given for them.

To enter the state competition, 4-H'ers had to belong to the club at least three years and show evidence of having done extensive work in a particular category.

Miss McKee, a 4-H member eleven years, redecorated her bedroom, refinished and upholstered a chair, refinished a drop-leg table, a writing desk and chair, and bronzed a pair of baby shoes. Her sponsor, the S&H Company, gave her a pair of silver candlesticks.

Sponsored by the International Harvester Company, Gifford, 10-year 4-H member, raised dairy cattle as well as field crops.

**'The Negro In American History,' New Course Offered In History**

*Continued From Page 1*

focused on the group as a challenge to the American way of life, historically and currently, in fulfilling the "American dream" for all cultural groups.

"The addition of the course to our curriculum will permit us to fulfill our obligations to the State of Kentucky in the training of teachers for the new general requirement of Negro history at the high school level," said Dr. Hicks.
