Committee Action:

The University Academic Appeals Committee met to consider two student grade appeals, one for a Winter 2019 course and one for a Fall 2019 course. The committee members were provided all documents prior to the meeting for review. After a thorough discussion, the committee voted unanimously on both grievances to uphold the recommendation of the Department Chair/School Associate Dean and the College Dean. The students' grades will remain the same.

Other Business:

Dr. Couch stated that UAR 112 would be reviewed for update to more clearly articulate the timeline of the required procedure.
