OPS Forms Are Available In Morehead

May Be Obtained At
Office Of Secretary
Of Board Of Trade

Copies of price control regulations are now available in 161 cities in Kentucky. John W. Manning, District Director, Office of Price Stabilization, said today they may be obtained in Morehead at the office of the Woolf Insurance Agency, 100 Caudill Building, Mrs. Woolf is secretary of the Board of Trade.

"It is not necessary for a business man to come to Louisville, much less go to Washington, to obtain a copy of the regulations affecting his business because if he cannot obtain it in his own community, he can do so in his county seat," the OPS official declared.

Manning was apprised by his price executive, Homer C. Dew, that a sufficient supply of the regulations pertaining to groceries, restaurants, soft goods, fur, furs, appliances, automobiles and automobiles are now in 161 cities including each of the 17 county seat cities in the district. Kentucky's other three counties, Boone, Kenton and Wayne, are in the Cincinnati OPS district.

Waterfield, Foe Of Clements, Will Support Wetherby In This Year's Governor's Race

Clinton Publisher
Announces Support Of
State Administration

Harry Lee Waterfield, veteran legislator and political leader, announced today he will support the administration of Governor Clements in the 1952 gubernatorial election.

Waterfield, former speaker of the Kentucky House of Representatives, had been discussed frequently as a possible candidate himself, either for nomination for governor or lieutenant governor.

Waterfield's endorsement of Wetherby had been strongly hinted at since the special session of the Legislature last March. But at the same time, it marked the first time Waterfield had ever publicly stated his support for a particular candidate.

Strong in his own convictions, Waterfield as a member of the House had fought the administration forces of Gov. A. B. Chandler, Gov. Keen Johnson, and the Republican administration of Gov. R. M. Wilson and the Democratic administration of Gov. R. M. Wilson.

More money for rural roads was one of the fights Waterfield led in the years past and more money for public school teachers was another. He has often acted out against what he termed "gag rule" in the House by which administration-dominated committees could hold up bills, and kept the administration leaders about their ears.

He loomed up the House rules when Johnson was Governor and he gained some of his points about road money and other controversial issues.

Never able to win Democratic nomination for Governor himself, Waterfield's political strength and made his support sought after by those seeking the State's highest office in part.

Wetherby, incidentally, has made no formal announcement that he will be a candidate, but his announcement is expected shortly.

He is primarily interested in government rather than running for office or holding office," he said in part.

"I have conferred with the various candidates for Governor by congressional district, and believe in the prospective candidate, with an open mind, to ascertain which one I believe the people desire."

Schedule Of Rowan Homemakers Clubs

Schedule of Homemakers meetings in Rowan County this week:

Thurs., May 10—Poplar Grove, home of Alta Porter, 1 p. m.
May 11—Eadsdon, home of Mrs. Bert Dean, 1 p. m.

Wed., May 16—Lower Lick home of Mrs. Inez Moore, 1:30 p. m.
All listed times are Central Standard (slow).

DAV Makes Drive Plans To Raise Funds

Money Will Be Used
In Welfare Program
For This Community

As the Rowan County Chapter 86, Disabled American Veterans proposed to conduct its annual welfare fund raising drive, it was reported that the past year has been a most active one.

It said the welfare service (Continued On Back Page, This Section)

GOP Attempts To Sidetrack B-Team Fight

18 Party Leaders
Will Attempt To
Agree On Candidate

The appointment of 18 Kentucky Republicans to a committee to select the first all-GOP candidates for governor to agree on a single choice, was announced last Sunday.

Joelet Ross Todd, Louisville, Republican national committee member, Todd was a member of a three-man committee named by State GOP Chairman James Park last week to select the largest committee.

Other members of Todd's committee were Kenneth H. Tuglie, Nashville, and J. Stephen Watkins, Lexington, former state highway commissioner.

Park named the committee on instructions at a meeting of about 225 party leaders in Lexington, April 26.

Todd said his group hopes former Gov. F. T. S. Sampson, Barbourville, will consent to serve as chairman of the General Committee. It consists of two GOP leaders from each of Kentucky's nine congressional districts.

The General Committee will meet at GOP state headquarters at 1 p. m. Saturday, Todd added, bringing together all Republican aspirants for the governorship and ask them to agree on a mutually acceptable candidate. If the plan is successful, a final primary fight would be avoided.

Three prospective candidates have endorsed the plan. They are Edward R. Denney, Mount Vernon, former state representative; W. Howard Meade, Paintsville, former U. S. representative; and Brent H. Madisonville, and Brent H. Madisonville, and Brent H. Madisonville.

Members of the General Committee, by congressional district, are: First—Claude T. Winslow, Mayfield, and Russell A. Crites, Lexington.

Second—Thomas W. Hines, Bowling Green, and J. Bryant Litch, both of Louisville.

Identical Twins At Morehead—You try to tell them apart. The photographer couldn't. They are Peggy and Phyllis Salyer of Salyersville and are freshmen at Morehead State College. They even have the same interests and make about the same grades. Peggy and Phyllis have a sort of "working agreement" on dates for either can fill in for the other. You'll see them this fall as Eagle cheerleaders.

Morehead Officially On Fast Time, Rowan County On Slow

Council Refuses To Change Ordinance

Morehead is officially on Daylight Saving Time and will be until the end of September. Rowan County is officially on slow (Central Standard) time and will remain that way.

The above is the legal status of the "time" mix-up and there is no indication that the city council or the fiscal court will alter their rulings.

At Friday's meeting the council did not discuss or bring the matter up for a vote, although the members informally were in the controversy.

All Time Notices Are Clarified

Every printing job or advertisement received by the News-Independent has been clarified with "7:30 p. m. fast time" or "7:30 p. m. slow time" to avoid confusion.

Members generally said they had received more requests for "fast time" than they had come in. Morehead to find out what time it is.

A spot check this morning indicated that about one-third of the business places refer to the time as "fast time."

Morehead State College hasn't changed, but officials indicate they will on May 30 when this semester ends.

Is Graduate Of Ohio Wesleyan. U. of Michigan

One of the world's best known sports figures, Branch Rickey, general manager of the Pittsburgh Pirates, will be this spring's commencement speaker at Morehead State College. He was announced this morning by Acting President H. H. Brown.

The 73 graduates will hear Rickey at exercises in the college chapel at 2 o'clock on the evening of Wednesday, May 30. Rickey, graduate of Ohio Wesleyan and the University of Michigan, is considered one of the most fluent speakers in the sports world.

The publicity value of the Pirates released this sketch of Mr. Rickey:

City Employees To Participate In SS

Employees of the City of Morehead will hereafter participate in the Social Security program according to an order passed at Friday's Council meeting and published on page 2 of this issue of the News.

The special session of Kentucky's General Assembly made it possible for political subdivisions of the State to participate in the Old-Age and Survivors Insurance Plan.

John Graham Will Address Farm Group

Speaker at Friday evening's meeting of the Rowan County Farmers Club will be John F. Hogg, state agricultural agent of the Kentucky Bankers Association.

The meeting will be held in the Seaboard Building of Morehead State College.

Quick Classes Are Added To Horse Show

Trace Board Offers \$2,750 In Prizes At June 29, 30 Events

Roadster classes—where the horses travel around the ring at such breakneck speed that box seat holders in the front rows are asked to move back—will be added to this year's Morehead Horse Show, chairman Elijah M. Hogg announced this morning.

The roadster classes will replace the first harness stakes, first as one of the state's best road horses is offered the first prize and a \$150 state final.

Morehead's Horse Show, classified as one of the state's best on the smaller circuit, is scheduled for the evenings of Friday and Saturday, June 29 and 30, and it is to be held at Jayne Memorial Stadium.

The committee has decided to have the same number of classes as last year, 13 each night. A total of \$2,750 in awards and trophies will be given with \$500 for the first prize in each class and \$500 for the champion walking horse.

This will be the 50th consecutive year the Board of Trade has sponsored the horse show.

Branch Rickey, Sports Leader, Will Give Commencement Address At Morehead

Curry To Deliver Baccalaureate Sermon

Dr. Samuel R. Curry, minister of the First Presbyterian Church of Ashland, will give the baccalaureate sermon at Morehead State College.

The baccalaureate is to be on Sunday, May 27 in the college auditorium at 8 o'clock.

By any other man in the National sport, and that he never has failed eventually to come up with a winner. The time is arriving when that man could do or accomplish so much in the years that have elapsed since the Pirates leader was born in 1891.

He returned to baseball as secretary of the Browns in 1912, and from the latter part of 1913 through 1915 he was manager of the St. Louis Cardinals. In 1916 he was vice president and manager of the St. Louis Cardinals in 1917, and in 1918 he was in the United States Army for World War I, and served in France as a major in the Chemical Warfare Service. He returned to become manager of the Cardinals in 1919, remaining at the post until 1924. In his own words, he was not a success as a manager. He was a "too loose" Rogers Hornsby succeeded him as manager, and was key-sighted and Cardinals won their first pennant in 1924. Later teams in the Rickey regime at St. Louis won pennants in 1928, 1930, 1931, 1934 and 1942.

Informed Sources Say President Will Not Be Named Today At MSC Board of Regents Meeting

Construction Work Planned At MS College

Resume Construction Of Dam; Music Building To Be Built

Almost three-quarters of a million dollars in construction work is scheduled on the campus of Morehead State College this year.

The money is being spent for two major projects, a water impoundment reservoir and a music building.

Work on the reservoir, which with improvements planned in the future, will cost \$400,000, was commenced last fall and resumed the same event.

The reservoir dam is being built on Evans Branch at the rear of Breckinridge Training School. When filled a lake of 25 acres will be created which the college plans to beautify as a park.

Boating will be permitted at the lake but no swimming will be allowed because it is being created to store water for the college and the city of Morehead.

College officials expect to ask the State Highway Department to construct a paved road around the lake when it is completed.

The architects have been advised to rush plans for the new music building which will cost \$200,000. The same architectural designs as employed for the other buildings on the expansive campus, will be used. Location of the building is still under consideration, but it is probable that it will be constructed on the square which the college owns between the President's building and the library.

The music department at Morehead has shown growth (Continued On Back Page, This Section)

Herchel Moore Hit By Train In Korea

Mr. and Mrs. Herchel Moore, Sr., have been notified by the U. S. Army that their son, Pvt. Herchel Moore, Jr., was seriously injured when struck by a train in Korea.

Pvt. Moore has been removed to a Tokyo hospital, the notice said. He suffers a broken leg and other injuries.

73 Seniors Will Receive Their Degrees

Four times they won the world championship title, and after their victory over the Yankees for that title in 1942 Mr. Rickey moved to Brooklyn as president of the Dodgers, holding that office until he shifted to Pittsburgh in 1946.

He had several first-division clubs in Brooklyn during his days in the National League, and first pennant and another being tied for first place at the end of the regular season.

Mr. Rickey introduced the farm system service to baseball, and the present-day features of baseball. Twice he was cited by The Sporting News as "baseball's outstanding representative," and in 1944 he received an award from the Baseball Writers' Association of America for "outstanding long-time service to baseball."

All 5 Members Expected Here This Morning

Morehead State College's Board of Regents meets at 9 o'clock this (Thursday) morning with the principal order of business being the selection of a President to succeed the late Dr. William Jesse Baird.

The meeting is scheduled at the administration building and all members of the 5-man Board have announced they will be present.

Sources close to some of the Board members, however, say that the President will not be named today... that name will be announced and a committee probably appointed to investigate all applicants and other persons who would be procured. They believed the appointment will be made early in June.

Morehead's Board has not met either officially or informally since the death of Dr. Baird. This would indicate that today's meeting can only be a preliminary to the actual naming of a new head of the school.

Members of the Board are: Bowell Hodgkin, state superintendent of public instruction, ex-officio chairman; J. T. Norris, A. C. Hays, Jr., J. E. Wright, W. B. Wall, Mayville, and M. K. Eblen, Hazard.

Following the death of Dr. Baird the Board named Dr. Warren C. Lippin, Dean, as Acting President. Although Dr. Lippin was not applied for the presidency there is no question but that he will be under serious consideration. Four or five applications have been received, and it is probable that the Board will scan the field and the appointment may not go to anyone who has not submitted a written application.

One Board member said yesterday that he was surprised to find that the Board had invited the new President to be under serious consideration. Four or five applications have been received, and it is probable that the Board will scan the field and the appointment may not go to anyone who has not submitted a written application.

Reports from the State Capital have indicated that Governor Lawrence Dorman is "absolutely keeping his hands off" and doesn't even want to discuss the Morehead appointment.

Senator Clements, who appointed the present Board while he was Governor, makes no secret of his dislike for Manning would make a good President. He would lead the Rowan County News: "Whoever the Morehead Board appoints will have a good man and will make a great President because this Board is fully capable of doing its job."

Conduct Funeral For Mrs. Louella Brown, 69

Last rites for Mrs. Louella Brown, 69, were said yesterday morning with interment in the cemetery at Lexington. Mrs. Brown passed away Sunday, May 6, at her home in Lexington. Daughter of the late John and Caroline Dehart, she was born in Morgan County January 6, 1882.

She was first married to Robert Link and they became the parents of a son, Dave Link, Jr., of Morgan County, who survives. Following the death of her first husband she married Amos Brown, of P. D. 3, Morehead, who survives.

She also leaves the following children: Mrs. Mary Lou Link, Shelby, Ohio; Mrs. Laura Hunt, Cincinnati; and Mrs. Jennie Brantley, of Lexington.

The Lane Funeral Home had charge of the arrangements.

Seniors Schedule Two Performances Of Class Play

Two performances of "The Cray Outlets," a farce by E. B. White, will be scheduled by the Senior Class of Morehead State College.

Revival Starts Saturday At East Main St. Church

A two weeks revival at the East Main St. Church will start Saturday evening, May 12, at 7:30 p. m.

Rev. Russell Reynolds of New Castle, Ind., will be the principal speaker at the revival. The services will start each evening at 7:30 p. m., fast time.

Rev. Reynolds also announced a baptizing at the Redburn branch at 12:30 Sunday afternoon.

 Mr. and Mrs. Alston M. Alexander were week-end visitors at the home of his sister, Mrs. Glenn W. Alexander and Mrs. Alexander are from Huntsville, Alabama.

Rowan Club Holds
Final Meet Of Year
 The Rowan County Women's Club held its final meeting of the club year 1950-51 Tuesday evening, May 1, at the Methodist Church with the program in charge of the Civic Department.

At this meeting, Mrs. O. M. Lyon gave her financial report for the year. The report was sponsored annually in Rowan County by the Rowan County Women's Club. Mrs. Lyon, who was County Chairman for the year, reported that the club had assisted in the co-chairmen, more than doubled the quota for the county. The final report was a total of \$347.

Dr. Marjorie Palmquist, member of the college, gave an interesting and informative talk on "Maintenance of Solidarity in the American Home."

Mrs. H. C. Haggan, a member of the Morehead High School faculty, introduced two of her gifted students, who gave humorous monologues. They were Margaret Reynolds and Earl Davis, who represented the public school at the State Speech Festival held at the University of Kentucky.

Two officers for the year of 1951 were installed at the meeting. They were Mrs. William McBrayer, vice-president, and Mrs. Joe Tolliver, recording secretary.

The meeting was concluded with the revelation of the Sunshine Sisters, and new drawings for the coming year.

Dinner-Bridge Feature
Derby Day Party

Mrs. Lida Marie Caudill and Mrs. Jack Helwig, Jr., were the hostesses at a dinner-bridge. Mrs. Caudill's home on Lyons Avenue Saturday afternoon. The dinner was served at 1 o'clock. Bridge was played at two tables following the dinner. The prize being won by Mrs. Ruth Smith. The Derby winners were Miss Nellie Cassidy and Miss Caudill. Each guest was given a Spring flower. These were used in the home decorations.

Make... **Pelphrey's** ... your headquarters
... for MOTHER'S DAY Gifts ...
Nothing's Too Good For Mom!

Give Her a Barbizon
Slip for
Mother's Day

Think of a rayon crepe
slip that fits as if you'd
had it made for you!
That's a Barbizon slip... and
way below custom-made costs!
It fits your bust, your waist,
your hips, your height.
And it's so cleverly styled it
won't inch its way up and ruin
the beauty of your dress
line ever! A wonder like this
is worth having in every
color... Peal, White.

Another Derby — All 'We' Experts Were Wrong Again

Another year, another Derby and another poor selection. That's the sad story, although our pick, Ruhe, did come in third, defeated in a photograph finish for place.

At that we did better than most of the big-shot handicappers. Not a sports writer in the press box at Churchill Downs had the winner.

Morehead Well Represented

The wife jotted down these names of Moreheadians she saw at the big classic: Mr. and Mrs. Lee Stewart—

(Continued From Page 4)
allow of celestial glories. Music is the wine of the soul. It is the exultation of the palate; it is the joy of the humblest home; it is the sparkle and glow in the banquet hall; it is the inspiration of the church. Music inspires the graduation of humanity, from the monkey in the jungle and the cane sucking ape with a single glass eye up to man.

"The violin is the poet laureate of music; violin of the virtuoso and master; the fiddle of the untutored in the ideal art. It is the aristocrat of the palace and the peasant; it is a friend of the unpretentious home and the humble cabin. As a violin it weaves its air of the case and emanates as a fiddle, it scatters its modest violets. It is admired by the cultured for its magnificent powers and wonderful creation; it is loved by the millions for its simple melodies."

"Did you ever witness an old school exhibition far out in the country, and listen to its music? If you have not, your life is a failure; you are a broken string in the harp of the universe. 'I have heard the din of happy voices in the 'big house' and size and songs of boiling kettle in the kitchen. It was the old time quilting—may day of the glorious ginger cake and cider era of the American Republic and the needle was mightier than the sword."

"An old Dutchman had a beautiful boy of whom he was very proud and decided to find out the bent of his mind. He adopted a novel method by which to test him. He slipped in to the little fellow's room one morning and placed on his table a Bible, a bottle of whiskey and a silver dollar. 'Now,' he said, 'when the boy comes in, if he takes the dollar he's going to be a brawler; if he takes the Bible he'll be a preacher; if he takes the whiskey he's no good, he's going to be a drunkard.' His host beheld the door to see which his son would choose. In comes the boy and picked up the dollar and put it in his pocket. He picked up the Bible and put it under his arm; he snatched up the whiskey and took two glasses and drank and went out snacking his lips. The old Dutchman poked his head from behind the door and said: 'Mein Gott, he's going to be a politician.'"

"Six hundred years before the Christian era an old Greek discovered electricity by rubbing a piece of amber and was unable to grasp its mystery. He called it a soul. His discovery slept for more than 2,000 years until it woke in the dreams of Galvani and Volta and Ben Franklin."

"Let us not forget that happiness is the ultimate object of all human action and that hope and love are angels that lead us on toward the misty summits of the future. And are not victorious until the end of the struggle?"

"Who would not press through the piercing throes to pluck a flower of triumph? Who would not cross swords with adversity to the jeweled hand of fortune? Who would not dare the desert waste of death to taste the sweets of glory? Who would not bear the burdens and heartaches of the day for one evening in the sacred glow of home where the vestal fires of virtues burn while confiding innocence gives welcome with heaving boom and tender arms."

"If you have to give, give it to the living; if you have blessings to bestow, bestow them to the living. None but God can bless the dead. Who would not rather have one smile from today's wind, today, than to know that a million roses would be heaped upon his coffin if he should die tomorrow? Who would not rather rejoice among flowers of love while he lives than to sleep beneath a wilderness of flowers?"

ELECTRIC AUTO PARTS
Guaranteed rebuilt. Generators and radiators. Used auto and truck tires.

Bob Day, Mrs. U. S. Sparks, Mrs. Lynn Thompson; Gerald Vison (former Morehead football star) and Mrs. Vison; daughter of Mr. and Mrs. Dudley Canfield; Mr. and Mrs. Jack West; Mr. and Mrs. Frank Laughlin; Jack Helwig, Jr.; Lyle Yunkett; Mr. and Mrs. Herman Meadows; and Capt. Dillon. There were others from Morehead but if you want to get your name in this column be sure to always look up the madam."

Mark of Progress
To Morehead Visitor
An out-of-town business visitor at the News office this morning remarked: "I see you're a progressive town. I was referring to all our streets being torn up."

It is a terrible nuisance just now, but to the outsider our new water and gas system installations probably do reflect progress.

Distinguished Visitors
To Our Fair City

The society columns of this newspaper could truthfully say: "Among the visitors in Morehead last Friday and Saturday were the Duke and Duchess of Windsor." They were on a special train, which stopped here for water, en route to and returning from the Kentucky Derby.

Ashland got a better break than Morehead. The Duke and Duchess alighted there while the train was being switched and an overflow crowd, headed by the mayor and other dignitaries, saw them first hand.

The Kids Will Want His Autograph
Morehead College has had many outstanding speakers at its commencement exercises but we will venture that the biggest crowd will be on hand Wednesday, June 30 to hear a famous sports figure, Branch Rickey.

"The college will graduate 60 seniors with a bachelors degree and confer its master's degrees at the exercises."

One of the Red Cross Was Slighted
The March of Dimes, Boy Scout, Cancer, Heart and Crippled Children and all other drives, with one exception, exceeded their goals in Rowan County during the past year.

The one exception is the Red Cross, which fell short by a third of its goal. We don't want to minimize the other campaigns because they're all worthy and the people that worked in them deserve thanks from all of us.

but it does appear that our people have adopted the one that meant the most to the county. The Red Cross maintains full time offices in the Martindale building and has spent many times over in Rowan County the funds that have been subscribed here. We should all bear this in mind when this organization again asks for contributions.

Few Eastern Kentucky Rowan

The Rowan County News' editorial criticizing the state administration for asking the resignation of Highway Commissioner John Keck has been quoted many times. Particularly significant was the statement that "the only commissioner ever to come from east of Lexington has been crucified."

If you have any doubts about the fact that eastern Kentucky has been discriminated against let's look at recent highway lettings. Very, very few are for construction in the eastern part of the state.

As one local politician put it: "We've lost our law."

Won't Name New President Today

Although news releases from Frankfort say the Morehead College Board of Regents will meet here today to name a new president, the Rowan County News stated editorially last week that the board wouldn't do any thing at this time.

Fact is the members have never been together, officially or informally, since Dr. Baird's death. To hire a president today, unless the Board has done more investigating than we think they have, would be snap judgment. And, never mind this kind of Board, which we label as the best in Kentucky, will make a quick decision on anything so important.

Watch for the new president to be named in June.

Sorry, We Can't Run Poems
Never a week passes that the news doesn't receive a half dozen or more poems, many of them sent by sons in Korea to their mothers. Many of these poems are excellent and we would like to publish them. But, if we printed one, we'd have hundreds of others left out.

We're sorry, but we just don't have the space. All other newspapers have been forced to adopt the same policy.

Copper Is Saturday's Speaker At Clearfield
A special invitation to the public to attend Saturday evening's service at the First Church of God in Clearfield has been extended by Pastor B. W. Moore.

Rev. Harlan Cooper will be the speaker, while special singers from other churches are expected.

Morehead Library Club Hears Guests At Meeting

Ward Williams and the Morehead Library Club were hosts at a luncheon Thursday, at the Morehead High School. The guests were: Mrs. Croshaw, Monroe Wicker, Miss Irene Chapman, Miss Clarice Williams, Miss Bess Watson, Mrs. Ora Walz, Mrs. M. C. Crooke, C. C. Smallwood, Carl Sinclair and Mrs. L. E. Blair.

The program consisted of talks by Mr. Croshaw, Mrs. Chapman and Miss Williams. Mr. Croshaw expressed his appreciation to Mr. Williams for the luncheon and the excellent work in improving the library. He also awarded library pins to three club members, Margaret Reynolds, Peggy Conn and Louise Erwin.

Haldeman PTA Plans Work For Summer Months

The Haldeman P. T. A. had its first meeting on Tuesday, May 8, with the following new officers presiding: President, Henry Cline; Vice-President, Ivan Boock; Secretary, Virginia Green; and Treasurer, Ruby Vencell.

An executive committee was appointed to function during the summer. This committee was authorized to supervise the inside painting of the elementary school building with the color scheme to be approved by the teachers of that building. This was to be done after the plastering was considered safely patched and before the opening date of school in September.

Fashions for women are still in what might be termed the look-and-see era.

Thursday, Friday and Saturday --- May 10, 11 and 12

ALWAYS BE CAREFUL DRIVING

The difference goes more than Skin-Deep

Nobody wonders what you're driving when you roll by in this one.

In the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own.

You're the proud owner of a Buick—and the whole world knows it.

But you—at the wheel—enjoy a long list of differences that go far deeper than looks.

The ride is different—level and true. You sit the road with special assurance—because Buick's torque-tube drive keeps rear wheels firmly aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel.

The power is different—eager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare.

Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches shorter than you'd think you need.

Capping it all, there's the silken versatility of Dynaflow Drive,* that takes all the tenseness out of driving—responds to your slightest wish with a surging swoop of power.

No doubt about it, what you get in a Buick is far more than just a new car—it's a whole new experience in getting pleasurable from here to there.

So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.

Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:
DYNAFLOW DRIVE • FIREBALL POWER
4-WHEEL COIL SPRING • DUAL VENTILATION
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING

Radjunas And Caudill Near Bridge Title

With only one game left to play Stanley Radjunas and Roger Caudill clinched at least a tie for first place in the Morehead male bridge tournament.

The tournament is decided on 15 games. The Radjunas-Caudill team has won 11 and lost 3. J. A. Stoops and W. H. Rice have a chance for a tie provided they win their two remaining games and Radjunas and Caudill are defeated in their last remaining one.

Team	W	L	Pct.
Radjunas, R. Caudill	11	3	.786
Stoops, Rice	9	4	.693

DAV Makes

(Continued From Page 4) and rehabilitation work of the chapter reached a new peak during the last year.

All of the activities of Disabled American Veterans in this community are supported by the local chapter through its membership and various fund raising campaigns.

The McBrayer Furniture Store and The Big Store Furniture Co. have donated a Kelvinator Refrigerator and a Maytag Washing Machine to the local chapter, in support of the needy disabled veterans in this community.

They will be given away in mid-June. Any one who makes a donation of \$1 or more to the local chapter of the D.A.V. during this drive will receive an opportunity to own one of these items.

All of the money contributed will be used for welfare work and remains in this community for direct relief and aid.

Commander Wethington said, "You can help us make differ-

MOREHEAD SPEAKER—The Morehead chapter of American Association of University Women Monday heard Dr. Eleanor F. Dolan, associate in higher education of the national AA-UW staff. During the last war she served on the advisory commission to the Committee on National Defense at Washington.

days less trying for the men who gave so much during time of war by supporting your local chapter in this drive."

Construction

(Continued from Page 1) than any other branch during the administration of the late Dr. William Jesse Baird. The department is presently housed in the basement of Fields Hall. Kentucky's building commission agreed with the Board of Regents that this arrangement was inadequate and unsatisfactory and appropriated most of the funds for the new structure.

Construction of the impoundment dam is expected to solve water shortages in Morehead and at the college. Under a cooperative agreement the college will sell purified water to the city for 20 cents a thousand gallons. Receipts from this will go to retire the \$200,000 in revenue bonds which the college issued to match a like amount appropriated by the building commission for construction of the dam.

Enjoy Rural Life with in-Town Comfort!

More than 7,500,000 homes now use BOTTLED GAS!

Every day thousands of additional families are finding Bottled Gas the answer to better living. It's the most convenient, most dependable, most economical fuel for homes beyond the gas mains. Morehead, Kentucky, Thursday Morning, May 10, 1951

Enlarged Commerce Department Is Open To Students At Morehead High School

Practical Courses Given In All Types of Business

The Commerce Department of Morehead High School was enlarged this year. The teachers in charge are Evelyn Anderson and Mrs. Martha Kotill. Mrs. Kotill has had under her supervision this year four student teachers from Morehead State College, Mr. Earl Reeder, Mr. James Carroll, Mr. James Powers, and Mr. William Roberts.

This department endeavors to portray a complete overview of the various phases of business and to bring about a unification between book knowledge and the business world since business is the keystone of our national life. The pupils are kept continuously in contact with the present trends through outside speakers, visitations and reports of current events. The aim before the department is constantly to keep the pupils up to date on current happenings and to aid in developing a desire to read widely and critically, weighing each piece of news carefully, studying each event from all angles before drawing a conclusion.

During this year the Commerce Department has offered typing, general business, salesmanship, consumer economics, bookkeeping, and office practice. It has been the purpose of the general business course and the consumer economics course to build up the realization that all of us are consumers and that there is an interdependence existing between manufacturing, farming, transportation, wholesaling, retailing, banking and other types of business. These courses stress the business goods and services offered the consumer. The consumer's economic role, the buyer's efficiency by studying the standards, prices and grades; by being familiar with selling methods; by evaluating sales talks, price policies and an extensive study was made of the government and private agencies that aid and protect the consumer.

These two courses, the Peoples Bank, the Telephone Office, the Telegraph Office, and the Bureau County News. One group studying insurance had as their speakers, Mr. Clyde Smith, Mr. Lester Blair and Mr. Oscar Patrick. Through the above there was an endeavor made to bring local businesses into the classroom and to take the class into the local businesses.

The salesmanship course stressed psychology, as one of the main qualifications of a good salesman is to know and understand people, to know the particular type of person with whom he is dealing and how to sell that individual through the correct procedure. These students studied in different salesmen in town and analyzed their techniques. The final two weeks of the semester were devoted to sales talks made by individual students. These talks were recorded and played back for self-analysis.

Bookkeeping is a course which is used and needed by everyone. This course teaches the pupils double-entry bookkeeping system, preparation of worksheets, balance sheets, profit and loss statements, and trial balances. Twice during the year the pupils are required to work a set of books, one on sole proprietorship and the other on partnership.

This course stresses the importance of keeping account of each dollar spent, in order to determine the net profit at the end of the year. A correct set of books also aids in determining the amount of taxes due the government at the end of the year.

The typing course has as its main objective the giving of practice material that will de-

CONSUMER ECONOMICS CLASS—This group of Morehead High students learn about business all the way from salesmanship, bookkeeping, office practices and management to public relations. It is taught by James Powers and William Roberts, student teachers from Morehead State College under the supervision of Mrs. Martha Kotill.

FUTURE SECRETARIES—This is one of the Morehead High typing classes taught by Evelyn Anderson. Good stenographers are in demand and can get attractive salaries. The course was department, enlarged this year, is one of the fastest growing parts of Morehead High.

velop typing power for personal and vocational use. Personal typing must be built upon the same foundation of sound technique that is required for vocational skill. In the first semester's work, the emphasis is placed upon the development of technique but there is also a variety of practice material that makes for a flexible adjustment to new situations. Simple business letters for personal use, but they also represent the first step in the development of a vocational understanding of the business letter.

The office practice course furnishes new learning situations that carry the development of skill into the vocational realm. With each semester's work, the basic techniques are repeated and the problems by means of which learning takes place are increased in difficulty and scope.

Report Indicates That Farmers Are Underpaid

Instead of being grossly overpaid, farmers earn less for their labor and investment, and almost zero for their managerial ability (compared with business management), according to Secretary of Agriculture Brannan. President Truman recommended that "we allow the parity price for each farm commodity as of the beginning of its marketing season to be used for price-control purposes throughout the marketing season."

The typing laboratory is now equipped with 12 Royal typewriters, new Hammond desks and chairs, A. Dick mimeograph, two mimeoscopes, Monroe adding machine, and a Karlo demonstration affid.

The high school does not propose to train students to meet the standards demanded of experienced workers. But it does endeavor to prepare young men and women to meet the initial job standard required by business for beginners. It is hoped that the future that advisory committees of businessmen can be requested to work with the Commerce Department in determining what their standard of efficiency should be. The contact with office managers also provides the teacher with an excellent opportunity to arrange for co-operative work for the students. It is believed that students must be given work to do under actual employment conditions if their vocational training is to be completely successful.

Commercial education cannot ignore business viewpoints. We need less bookish theory, with its abstract objectives, and more actual business practice in our programs. Businessmen are willing and ready to co-operate in helping the student to adjust to real business situations.

Army Slashes Its Draft Call For This June

Only 20,000 Men To Be Called In Service During Entire Month

The Army has issued a draft call for 20,000 men in June. This is the smallest number in any monthly call since the draft was resumed last September. Since that time, a total of 500,000 men have been drafted or placed on call for Army duty.

The Army got 80,000 men in the first three months of this year. Thereafter the April draft was halved to 40,000 and the May quota was reduced from 60,000 to 40,000.

The Army said the cutbacks were made because of the greater number of men volunteering for service and the lower-than-expected casualties in Korea.

Presumably, the same factors entered into the decision to call only 20,000 in June, although the Army gave no specific reason. Army officials previously had told congressional committees the June call would be around 20,000. The Navy, Air Force and Marine Corps said they would not need any draftees in June. These services have been depending entirely upon volunteers and the recall of reservists to meet the needs in Korea and to build towards the larger manpower goals authorized for the fighting forces.

Study may provide intelligence but it takes thinking to develop wisdom.

The world situation, judging from our present tax structure, is not isolated.

Happy Jovial At Wetherby Breakfast

Observers Say Beauchamp To Be Running Mate Of Governor

Mint juleps, Kentucky ham, New Orleans shrimp—and former Governor A. B. (Happy) Chandler—were on the gastronomic and political menu at the chief executive's mansion in Frankfort Saturday.

About 200 guests, many of them of high station in the state administration, were on hand for Governor Lawrence Wetherby's pre-Derby festivities. Chandler, in a light gray suit and with a brown, ruddy complexion, was a major morsel at the annual event.

Wetherby is an unannounced candidate to succeed himself. His chief political opposition lies in Chandler, the baseball commissioner whose contract will not be renewed. Chandler is a former governor of Kentucky and former U. S. senator.

Chandler was his old self, magnetic, gracious and looking out for everyone's ease. Many of the guests introduced to him were brought forth by Wetherby.

Newsmen tried to get Chandler to talk Kentucky politics. They were not successful. But in the presence of newsmen, Chandler recalled that Wetherby in 1935 was his Jefferson County campaign manager. In Chandler's successful fight for the governorship, he made kind remarks about Wetherby's handling of the governorship since he took over for U. S. Senator Earle Clements last November 27.

The feeling at the mansion was that Chandler will not oppose Wetherby for Democratic nomination as governor. If Chandler does not run for governor, politicians speculated that he may be angling around for something in 1952, such as the presidential nomination or nomination to the U. S. Senate. By 1952, the Wetherby camp may be a good one to be in, they guessed.

If Chandler does not run for governor—he said he will pin-point his position in announcement soon—Wetherby has easy sailing to the nomination, from an organizational viewpoint.

Ben Kilgore, Franklin, the most persistent opponent of

FEAST BEFORE FAMINE... While he can enjoy it, Joseph Spillman, Berlin, has barely meal with his landlady, Ann Ebert, who, weighing 185 pounds, is the heaviest woman in Berlin. He will try to establish a starvation record of 90 days without any food at all except an occasional cigarette and some mineral water. He will try to beat his previous record of 45 days.

'We Shook The Family Tree' Seen At Breck

Senior Play Presented May 3

The senior play, "We Shook the Family Tree," was presented in the Breckinridge auditorium, Thursday, May 3. The play, a comedy in three acts, was directed by Sam Denney, assisted by Ray Niblo and Lorne Day.

The characters were as follows: Hildgarde, who went to great length to get a date for the Junior-Senior prom, played by Eleanor Bruce; Mr. Dodson, played by Philip Kazee; Mrs. Dodson by Jeanne Le-wig; Sally, by Jane Graves; Bob by Jimmy Wellman; Jimmy by Buddy

Kenny; Paige by Betty Jean Gregory; Ellie May by Barbara Hyden; Jill by Frances Bellamy; Freddie Sherman by Claude Glover; Mr. Sherman by Harold Lancaster; Mrs. Sherman by Jo-leen and Coleen Flannery.

The story concerns Hildgarde who is anxious to attract the attention of some eligible senior, so he will take her to the dance Saturday night. Hildgarde appeals to her mother for help, so when her mother, popular girl start to lord it over Hildgarde. Mother takes action. Hildgarde is in ecstasy at the thought of the date her Mother has gotten for her. Poor Hildgarde! Her mother picked Freddie—the only boy in school whose old-fashioned parents force him to wear knickerbockers. Finally after a great many escapades, which Hildgarde is in the middle of, a solution is worked out. Freddie steals a pair of pants from Hildgarde's brother, but this only makes matters worse. In a laughter filled climax a happy solution is reached that solves Hildgarde's problem (and Freddie's, too).

In 145-h.p. BIG JOBS like this... and down the list of over 180 Ford Truck models, you get Power Pilot economy at no extra cost.

Only FORD TRUCKS give you Power Pilot ECONOMY

America's No. 1 Economy Pickup, Ford F-1, has new steering column gearshift, wider rear window for 50% more rear vision in a choice of two. Cab of Parat extra. Cab (added cost) shown.

The Power Pilot is a simpler, fully-proven way of getting the most power from the least gas. To demonstrate this gas-saver, over 6,000 Fords rolled up a total of over 50 million miles in the Ford Truck Economy Run.

The Power Pilot automatically meters and fires the right amount of gas at precisely the right instant, using one control instead of two. You use regular gas, get no-knock performance.

FORD trucking costs less because...

FOR THE YEARS AHEAD Low Ford running costs give you right-away savings. Ford's longer life gives you long-pull savings.

A longer lasting truck can give you assured transportation for the years ahead. That's why businessmen with an eye to the future choose FORD... the truck that life insurance experts prove does last longer.

SUNDAY SCHOOL IN THE CLOUDS . . . Pupils of the Grace Methodist church, Des Moines, Iowa, learn about God while riding in a plane. Instructor Joe Moore (in aisle) said he took his people above the city for an "object lesson of God's wonders in nature." The lesson was "For the earth is the Lord's, and the fullness thereof."

Morehead State College Will Offer Short, Long Summer Terms Starting On June 4th

This is the summer calendar at Morehead State College. Short Term—June 4 to July 11. Maximum student load—Six semester hours.

Regular Term—June 4 to July 27. Normal student load—Eight semester hours. (Students enrolled for the Regular Term may select one course from the Short Term schedule if necessary.)

Special Announcements— Workshop in elementary school music (Music 300) July 8-12. Two hours credit. This workshop will be directed by Miss Lurena Martin of Huntington, W. Va., who has had an extensive experience as a supervisor of public school music, and she will be assisted by the departmental staff of the college. The work done will be designed to aid those teachers who feel the need for additional training in public school music at the elementary level in order that they may make their own work in this

field more effective.

For additional information concerning this workshop write —Dr. Leroy Well, Head Department of Music, Morehead State College, Morehead, Ky.

Moral and spiritual values in education (Education 480): Three hours credit. This course is being offered under the auspices of the Kentucky Committee on

Moral and Spiritual Values in Education. The program sponsored by this committee has developed gradually and this course will make available to classroom teachers and administrators an opportunity to become familiar with the best approaches and practices in this field of education.

Courses for freshmen: Although Morehead has always provided a limited number of courses for freshmen during the summer session, freshmen have never been particularly encouraged to begin their college work at that time. This summer, however, because of the uncertainty faced by many high school graduates relative to their future educational plans, special provisions have been made for beginning students. Basic courses are being offered in the various departments so that freshmen may begin their college work in June.

Band Camp: The annual Morehead Band Camp for high school interested in band work will be held July 11 to 21. Mr. Walter Hall of Hazard, Ky., will again direct the work of this camp and he will be assisted by the regular college staff. The fee, covering all expenses of the camp, will be \$20.

Fall Semester 1951-52: Orientation and Registration of Freshmen, Tuesday, Sept. 11th; Registration of Upperclass Students, Wednesday, Sept. 12th.

For catalogs, bulletins, and other information concerning the college write—Mr. W. M. Caudill, Director of Public Relations, Morehead State College, Morehead, Ky.

Sophomore Girl Will Represent MC

Marita Ann Trayner To Go To Mountain Laurel Festival

Marita Ann Trayner, sophomore from West Liberty, will represent Morehead State College at the annual Mountain Laurel Festival to be held at Pineville, Kentucky, May 24, 25 and 26.

The Mountain Laurel Festival is held every year at Pineville about the time the laurel is blooming. The blossom covered hills form the back ground for the beautiful ceremony during which the Mountain Laurel Queen is crowned.

Girls from each of Kentucky's schools are sent to compete for the honor. Miss Trayner was selected by the faculty social committee on the basis of poise, beauty and personality.

WHAT ELSE DOES A GENERATOR DO?

Electric power is the very heart of our democracy. A country's might, today, is more than ever dependent on its power. Electric power. The power to produce the machinery for war, and the power to continue producing for civilian needs adds up to the difference.

In most countries today the governments have little choice. They can produce for war, or they can produce for their people. They can't do both. They don't have what it takes.

In those countries the government owns the production machinery, owns the industries, including the electric power industry.

But no American can forget that when this country needs production strength, it is business-management, always, that gets the job done.

The power to produce is all about us. Here in Kentucky we have already installed 135,000 kilowatts of new generating capacity, with an additional 165,000 planned and some of the construction started.

American production goals are high, but they will be met.

And topped.

The electric power for this enormous job is ready.

The News Offers Recipe This Week For Shrimp Curry

By Helen Hale

Discolored glass flower, vase can be cleaned by filling them with a solution of warm water, baking soda and a few potato peelings. Let them remain for several hours, then rinse in clear warm water to which ammonia has been added.

A novelty hanging vine can be grown from sweet potato by planting in a hanging basket of pot of sand or sand loam and

RECIPE OF THE WEEK Shrimp Curry (Serves 4)

1 cup rice
1 teaspoon salt
2 1/2 cups boiling water
1 can condensed cream of chicken soup
1/2 cup light cream
1 teaspoon curry powder
1 pound fresh shrimp, cleaned and cooked

Wash rice, drain, add salt to boiling water, then rice and cook until tender, about 20 to 30 minutes. Drain. Combine chicken soup, cream and curry powder. Add shrimp and heat thoroughly. Serve over hot fluffy rice.

Watering occasionally. The leaves are dark green and resemble certain types of ivy.

The top of a pineapple planted in a plant jar of water will soon give you a plant resembling a palm.

Peris will grow better if you give them certain foods occasionally. Two chopped, raw oysters put in the pot with ferns every two weeks helps. Teaspoon of castor oil at the roots every three months is helpful, or two table-spoons of olive oil, at the roots once a month, are good.

Cold tea makes a good fertilizer for house plants. Another mixture can be made by adding a teaspoon of ammonia to two quarts of lukewarm water and using it on the plants once every two weeks.

To keep flowers fresh, use one of the following in the water: a piece of sugar, a drop of spirits of camphor, common table salt, a few slices of soap, one-half teaspoon of baking soda or a tablespoon of powdered charcoal.

Wilted cut flowers can sometimes be revived if you drop an aspirin tablet in fresh water into which you've placed the flowers.

Band Gives First Outdoor Concert On Campus

The MSC and gave its first outdoor concert Monday, April 30, in front of the college auditorium. Despite the threat of rain a large crowd gathered to watch the presentation.

The numbers were all conducted by student conductors. The program was as follows: Star Spangled Banner, directed by Kiy Skaggs; High School Cadets, directed by Dale Moeck; Bugle Call Rag, directed by Charlotte Rose; March Opus 89, directed by Dick Richardson; Unfinished Symphony directed by Reign Shipley; Slough Ride, directed by Donna Her; British Eighth March, directed by Pat Lamb, and Colossus of Columbia, directed by Ray Davis.

General Gives \$1,000 To Grayson Fire Dept.

Charles R. Hatchett, acting as a representative of the General Refractories Company, has given Grayson Fire Chief Richard Hall a check for \$1,000, to be applied to the fire truck fund. The money was given as an expression of the genuine appreciation for the cooperation the Fire Department gave the Refractories Company when its Linthaus plant was damaged by fire last winter.

Feeders Favor Holding Cattle From Markets

The Corn Belt Livestock Feeders Association at Omaha heard suggestions of a Midwest shippers' strike from angry farmers but approved a resolution urging livestock marketings "at the lowest possible levels" until the government "corrects" its beef price roll-back order.

About 175 officials of the association from seven states voted approval of a "voluntary" curtailment in market shipments.

Earlier, in a meeting called to protect Price Stabilizer Michael DiSalle's order, Association Secretary Mark Pickell said that "I'm not saying this is the best thing to do. I'm just saying that you could strike and... the beef production..."

heavy use of manure, heavy growth of legumes in cover crops or preceding crops, or deficiency of a particular nutrient as shown by soil tests, use of eight fertilizers as needed to correct the condition.

Where farm manure is to supply a part of the fertility needs of tobacco, it should be spread upon a growing crop (and of cover crop) or turned under immediately following its removal from the barns.

If it takes the Senate three months to pass on the dispatch of four divisions to Europe, how long would it take both Houses of Congress to pass on sending ten divisions?

Fertilizer Can Produce Highest Burley Yields

It should pay growers to plan for yields of 1,500 pounds or more of high-quality burley tobacco an acre, says a summary of fertilizer recommendations in "Tobacco Production in Kentucky," Circular 482 of the College of Agriculture and Home Economics. Other suggestions follow:

Phosphorus and potassium should be provided somewhat in excess of the expected needs of the crop. (The potassium should be provided mainly in sulfate form).

The use of nitrogen should be adjusted to the other production factors of the soil so as to obtain the yield desired without decreasing quality.

A complete fertilizer, having a 4-12-8, 5-10-10 or similar analysis, with most of the potash from sulfate, is satisfactory to use on many fields at the rate of 1,000 to 1,500 pounds an acre. Where this amount is used, it is a good practice to broadcast the fertilizer on the cover crop and turn it under after April 1. On sodland, spread the fertilizer before disking and preparing for planting.

For special conditions, such as

Rabid Dogs Are Serious Menace To Children

Doctor L. B. Breck, state veterinarian has issued an urgent plea to all dog owners to have their animals vaccinated against rabies. He said that there is no rabid season but that the chances for contact are much greater in warm weather. There are a number of quarantined counties due to the prevalence of rabies in Kentucky. Dr. Breck stated, "There is no reason for you older folks to expose helpless children to the rabid dogs in your community. Vaccinate every dog and you will help stamp out rabies as the dog is the original host. The vaccination cost by your veterinarian is small and the reward is large as a person bitten by a rabid dog goes through horrible torture both in mind and physical pain."

Cash Awards At Beef Show Are Doubled

The cash awards to the Grand Champion Steer or Heifer and to the Grand Champion Carload of the Sixth Annual Bourbon Beef Show have been increased from \$500 to \$1,000 according to an announcement made by show president, C. R. Bottorff. The show will be held at the Bourbon Stock Yards, Louisville, on December 4 and 5th, 1951. Mr. Bottorff announced that the Bourbon Beef Cattle Association, sponsors of the show would award \$500 to the Grand Champion and to the Grand Champion Carload and that the three major beef cattle associations had all agreed to give the other \$500 in the two awards in case the winners belonged to any of their respective breeds.

Cattlemen Are Angry; DiSalle Hears 'Beefs'

Price Of Meat May Become One Of Major Issues In Nation

Angry cattlemen called on Price Controller Michael DiSalle this week to cancel his beef price rollback or face a mob strike that might upset the whole stabilization program.

Spokesmen for every major farm, livestock and meat packing organization in the country denounced the order as unwarrantable and a sure-fire way to bring back the black marketers of World War II. They threatened to make meat a major issue in the forthcoming fight over extension of the defense mobilization law, which is scheduled to expire June 30. Hearings on the new bill begin Monday, with Defense Mobilization Committee Chairman Charles E. Wilson opening the administration's battle for stronger controls, particularly over farm foodstuffs. DiSalle and Economic Stabilizer Eric Johnston will testify later next week. Congress itself was splitting along farm-city lines on the beef issue. Livestock spokesmen claim they already had paid a total price of \$10 to \$15 a pound for the consumer by Oct. 1. Rep. A. L. Miller (R-Meb.) said DiSalle's beef regulation "just will not work."

The wise-cracking DiSalle may have the order working on paper, but there will be little or no meat at the counters. Rep. Louis B. Heller, a Brooklyn, N. Y., Democrat, countered that the present mobilization law, under which DiSalle operates, is not tough enough on the new meat so that DiSalle can get "concrete results."

Ag Department Will Honor Fleming Man

High Farm Award Is Voted To John L. Zachary, Flemingsburg

John L. Zachary, supervisor of the Fleming County Farmers Home Administration, will be one of two Kentuckians to receive a superior service award of agriculture, it was announced at Flemingsburg this week.

He has served as supervisor of the county farm group for 14 years. Zachary will be the recipient of the award along with James Kabler, supervisor of Western Kentucky county. Six men in the nation were given similar honors last year by the agriculture department.

The citation recognizes Zachary for "exceptional and outstanding service in promoting and securing agriculture on the farms of borrowers of the Farmers Home Administration and for giving leadership to all activities designed to improve the agriculture and contribute to the welfare of farm families" in his area.

The award will be presented by Secretary of Agriculture Charles F. Brannan at special ceremonies to be conducted in the Sylvan Theater at Washington, D. C.

A native of Liberty, Zachary is a son of Judge and Mrs. T. M. Zachary. He was graduated from Eastern State College at Richmond in 1934.

Glenn Hook Of Farmers Gets Special Award

Pte. Glenn Hook, USMC, of Farmers, Ky., has been awarded a "Letter of Commendation for action in Korea in recent ceremonies at the Naval Air Station, Memphis, Tenn."

The citation reads: "For excellent service in the line of his profession while serving with a Marine communications platoon during operations in Korea from Sept. 21 to Oct. 4, 1950. Pte. Hook displayed great skill, courage and confidence in the performance of his duties as a wireman."

Last Tuberculosis Sanatorium To Open Wednesday

Kentucky's state tuberculosis hospital—last of which will be formally opened at Ashland next Wednesday—are taking care of more than twice as many patients as a year ago, according to Thomas F. Moore, Jr., administrator of the State Tuberculosis Hospitals setup, and there is a growing waiting list on hand. Each of the hospitals—five newly completed ones with a 100-bed complement each — and Hazelwood with its 250 beds—had a total patient load of 513 persons last week. A year ago, with only Hazelwood operating, it was accommodating 216 patients—approximately its maximum capacity. However, Hazelwood's load—now 165—has declined in the last year while the others are increasing. The Paris hospital—opened last July 24—has all its beds filled 100 of them.

Glasgow, opened in September, has 79 patients and will be full next month. Madisonville, opened a month later, has 77 patients and will be full next month.

London, opened in January, has 92 patients and it, too, will be full next month. Moore explained that it is possible to throw open as many as fifty more beds at each of the five new hospitals, if added funds are provided to operate them.

Weights, Measures Inspectors Impersonated

George L. Johnson, director of the Kentucky Department of Agriculture's Division of Weights and Measures has issued a warning that all owners of weighing and measuring devices be on guard for agents impersonating the division's inspectors. Merchants should always ask inspectors for identification or credentials. The Division has been advised that some men have been impersonating Weights and Measures inspectors.

SAFEST TRUCKS ON THE ROAD

NEW DODGE "Job-Rated" Trucks

The trucks that do the most for you

Why a "Job-Rated" truck is your safest investment

A "Job-Rated" truck is engineered at the factory to fit a specific job... save you money... last longer. Every unit from Dodge to near exit is "Job-Rated"—engineered to haul a specific load over the roads you travel and at the speeds you require.

Every unit that **SUPPORTS** the load—frame, axles, springs, wheels, tires and others—is engineered right to provide the strength and capacity needed.

Every unit that **MOVES** the load—engine, clutch, transmission, propeller shaft, rear axle and others—is engineered right to meet a particular operating condition.

Safer stops with "Job-Rated" brakes

Step on the brakes of your Dodge "Job-Rated" truck and you're sure of smooth stopping action far in excess of normal requirements. You get long-lasting Cyclobond "Job-Rated" brake lining with lining area increased as G.V.W. rating goes up!

Now, on models 1½-ton and up, accept air brake models, you get another Dodge "Job-Rated" feature—Moulded Cyclobond brake lining. It's longer-lasting, extra quiet—free from "squeal." Independent hand brake also adds to safety.

Safer steering and easier handling

Now, you can maneuver your Dodge "Job-Rated" truck with less effort! Steering is more accurate. New easy-acting worm-and-roller steering gears on many models. To make driving still safer, Dodge "Job-Rated" trucks have new, shorter turning diameters. You also get the easy-handling advantages of cross-steering, short wheelbase, wide front tread. All these features add up to the easiest handling truck on the market!

Safer visibility with "Pilot-House" cabs

When you drive a Dodge "Job-Rated" truck you look through the largest windshield of any popular truck! You have a clear close-up of the road, made possible by new, lower hood line. For even greater visibility you can get De Luxe and Custom cabs with rear quarter windows. All-steel "Pilot-House" cabs provide extra safety, too. Top, floor and sides are welded together—not bolted! No wonder owners agree that Dodge "Job-Rated" trucks are the safest on the road!

FLUID DRIVE now available

Only Dodge "Job-Rated" trucks offer this great "excitement"—available on all 1½-, 2-, 2½- and 3-ton models and Route-Vans. Helps assure low wheel-spinning on slippery surfaces... less tendency to skid in mud, sand, snow or wherever the going is tough. What's more, great Fluid Drive makes driving easier, helps protect loads, lowers upkeep costs, and lengthens truck life.

Come in today... see and drive the 'safest' truck on the road... a **DODGE "Job-Rated" TRUCK**
