- I. Minutes from from March 27, 2020 – Dr. Fultz moved to approve. Seconded by Dr. Gonzalez. 11 Yes, 1 Abstain – Approved.
- II. Committee Changes/Election of Faculty Co-Chair – Dr. Schroeder nominated Dr. Graves as the faculty co-chair. Dr. Graves accepted the nomination. Dr. Fultz moved to close nominations. Seconded by Dr. Blankenship. Motion approved. Dr. Graves asked Dr. Royar to become the English representative. He agreed. Faculty senate will determine the replacement HUM II representative.
- III. General Education 2021+ Update & Upcoming Activities – Dr. Couch updated the council on the status of the 2021+ General Education program and explained how it would affect program curriculum regarding the capstone course and specified general education courses/exchange courses. She suggested a streamlined process for these changes by development of a form for departments to complete. Dr. Shack requested that the departmental curriculum committee review and approve the forms along with the department chair/associate dean. Dr. Couch stated that the completed forms would also be reviewed by the University UG Curriculum Committee as a packet. It was also suggested that other departments be notified if the course is offered by a different department. Dr. Couch and Dr. Graves will develop the form for Council review at the next meeting. Departments will need to complete the form in November in order to give the Registrar's office ample time to make adjustments to the program evaluations, Catalog, etc. Dr. Couch discussed the need for departments to finalize how SLOs would be measured and sought input concerning the timeline for requesting this information. Dr. Conroy expressed that the timeline for departmental submission of needed information be in October. Dr. Harr stated that the assessment cycle will include a staggered data submission schedule. The change will be beneficial to allow for action plan development and implementation when necessary.

IV. Preliminary General Education Assessment Reporting – Dr. Shannon Harr provided an overview of the general education assessment results (presentation slides attached). He stated that an Action Plan for improving 2d. in FYS 101 would be needed.
