

Morehead's Gas Rate Increase Is Effective April 20

Hike Smaller For City's Small Users
Natural gas rates in Morehead will increase April 20, but an ordinance published in this issue of the News indicates the hike will not be as great as first thought.

The new gas rate ordinance appears on page 2 of this issue of the News.

water, or perhaps cooking, won't be raised at all since the rate for the first 2,000 cubic feet remains the same.

Rate Schedule Table with columns: Old Rate, New Rate, Increase

The increase was voted by City Council, on request of the municipal operated Utility Plant Board, after Tennessee Gas Transmission Company's last month increased its bulk rate to Morehead 25 per cent.

SEE MOREHEAD COLLEGE—More than 1,200 students, who will graduate this spring from 40 Kentucky High Schools, were guests of Morehead State College Friday at annual Senior Day.

Open House Planned Saturday For Opening of Rowan Library

Starting this week Rowan County will have its first public library. To commemorate the inaugural open house will be held at the library, basement of the courthouse, from 1 until 4 p. m. Saturday.

The library committee today announced the appointment of Mrs. Stella Crosthwaite as librarian.

Mr. J. C. Kincaid, who has been named as the first assistant librarian, will be in charge of the library during the coming year.

Quite a bit of planning has gone into Saturday's library opening, besides the part the AAW is playing. The Rowan County Homemakers decorated the library windows of the renovated courthouse basement.

Each approved girl has to have at least one recommendation from a parent she has worked for. They all must also have a letter from their parent's consent to baby sit.

MARRIED AT LAST
The Rev. Osgood Colegrove, 89, and Miss Isabel Jacobs, 91, of Morrison, 10, were married last week, climaxing a romance broken off in a lover's quarrel 63 years ago.

Paragon Road Contract Is Advertised

7 1/2 Mile Stretch, Starting At Clearfield Will Be Constructed
Kentucky's Highway Department today advertised for bids on the Morehead-Leitchford (often called Clearfield-Paragon) road.

The advertisement requesting bids, appearing on page two of this issue of the News, sets out the contract will be for grade, drain and traffic bond surface.

Luster Blair Announces For Police Judge; Controversy May Result Over City Manager

Mrs. Cynthia Parker, 69, Dies At Morehead Home
Death came Friday to Mrs. Cynthia Parker, well known Morehead woman.

Morehead also elects a Full City Council and Mayor on November 3. The city also faces another decision within the year as City Manager form of government is slated to go into effect after the next Mayor is elected.

Cancer Drive Is Launched In Rowan County

The local Cancer Drive, sponsored by the Rowan County Women's Club, opened in Morehead this week as posters were placed in business windows and committees were formed for personal canvassing.

Dickerson Rites Are Conducted On Saturday

Funeral services for Mrs. A. M. Dickerson of Green, were held Saturday at the home with Rev. Charles VanSant of Sandy Hook officiating.

Willow Wait sketches this week's caricature. You no doubt know her. If you don't know her, had business dealings with her. If you don't know her, had a good lady to talk to the Editor. Pen on page four.

Mother Of Mrs. C. L. Cooper Is Claimed

Mrs. Joe Hunter, mother of Mrs. C. L. Cooper, formerly of Morehead, died Sunday at the Booth Hospital, Covington, after a week's illness.

Mrs. Hunter, who lived in Covington, suffered a paralytic stroke March 29 and her condi-

tion steadily became worse. Funeral services were conducted Wednesday morning at 11 o'clock at the Bellevue Baptist Church.

Mrs. Hunter was well known in Morehead, having paid many visits here while her son-in-law, Rev. C. L. Cooper, was pastor of the Methodist Church.

The new administration is not pussy-footing with the Communists and we think this will be appreciated by the Russians.

WILL APPEAR IN MOREHEAD—Elizabeth Humphrey, lyric soprano, recently featured on Mutual's Theatre of the Air and Bernard Izzo, baritone, who has performed with some of the greatest symphony groups in the nation, will be featured in "Highlights of Opera" scheduled at the college auditorium in Morehead April 27.

Salt-Lick News

By Lena Stephens
Mr. and Mrs. Carl Rogers and family, Mr. and Mrs. Harlan Rogers and children, all of Muncie, Ind., and Mr. and Mrs. Bill Shroust and children of Michigan spent last week-end visiting their mother and grandmother, Mrs. Millard McCarty, and Mr. McCarty. They also visited other relatives here and in Midland.

Mr. Alfred Little spent the

week-end visiting with his sisters, Mrs. Earl Simpkins and Mrs. Shirf Reffitt, in Salt Lick.

Mr. and Mrs. Wendell Carpenter and family, spent Easter with her parents, Mr. and Mrs. William Armata, Sr.

Mr. and Mrs. Winfred Simpkins spent last week-end visiting with his parents, Mr. and Mrs. Earl Simpkins. The younger Mr. Simpkins is somewhat improved of wounds suffered during service in Korea but will be forced to undergo another operation soon.

Chevrolet is the only low-priced car to offer... Extra-Easy Power Steering

Power Steering! It's yours in Chevrolet for 1933 and in no other low-priced car!

This wonderful new feature, optional on all models at extra-cost, marks the most important advance in driver convenience and safety since the automatic transmission, which Chevrolet also introduced into its field.

Power Steering makes steering virtually effortless on all roads and at all speeds. It permits you to park, even in a tight space, with finger-tip ease. It cuts steering effort approximately 80%; reduces driver fatigue; makes driving simpler, safer and more enjoyable than ever before.

But come in! See and drive Chevrolet for 1933 with Power Steering and all its other exclusive advantages!

Continuation of standard equipment and bin as illustrated is dependent on availability of material.

cent. Mississippi's loss is estimated at three per cent; Maine's at 3.3 per cent and North Dakota's loss at 1.8 per cent—the highest percentage losses among the states losing population.

Conducting A One Man Losing Battle

William W. Cavanaugh, an attorney filed suit in 1952 against President Harry S. Truman in an attempt to enjoin him from using American soldiers in Korea.

A Judge in Cleveland recently dismissed the action because Truman was no longer President. Thus the suit filed against the former President failed, although Cavanaugh is as yet undimmed.

Popeye Wasn't Entirely Correct About Eating Spinach

Many a youngster, who has no particular liking for spinach, will welcome the news from London which reveals that two medical researchers have concluded that spinach may imperil the health of youngsters when eaten regularly.

The theory is that an acid in spinach interferes with the body's absorption of calcium, needed in all young bodies to build strong bones and teeth, and thus the harm from spinach exceeds the good it might do.

We have long suspected that, in some cases at least, an intense dislike for certain foods might have some physiological connection.

Certainly, it would be encouraging if there is some basis for an intense dislike of foods, other than psychological. Of course, if this theory is carried to the extreme, and children are allowed to eat what they please, the result might be worse than the mistake likely to be made in properly planning diets.

We have also suspected secretly, at times, that there is something in the craving for a specific food, which in many bodies sometimes develops. This seems to be a pretty good theory, except when the craving is for ice cream, candy or cake.

Effort To Curb Growing Auto Thefts

A proposed system to prevent the sale of stolen automobiles, in this country or abroad, seems to be very near adoption.

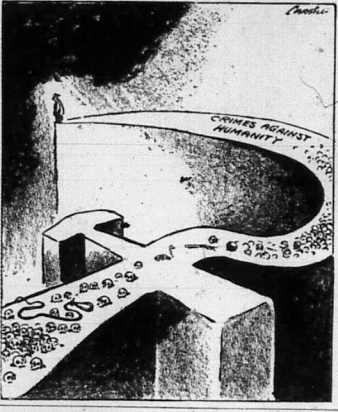

The new system is a simple one—involving a new permanent identification plate, which is made of a special metal, which resists a blow-torch and the cold chisel.

Howard Pore, chairman of the Permanent Identification Numbers Committee of the National Automobile Dealers Association, recently told the annual convention of that group in San Francisco, that these identification plates may go into use in ten states next year.

If the new system is adopted by all the states having a license law approved by all the States, it will be difficult for thieves to sell stolen automobiles. Reputable dealers will easily be able to tell whether the identification numbers have been tampered with, and, if they have, it will be an immediate indication of a stolen vehicle.

It used to be said that many people struggled "to keep up with the Joneses." Nowadays the Joneses are having quite a time keeping up with themselves.

The new administration has put an end to the two-martini lunch in Washington, and we await the howls of outrage from Mr. and Mrs. Dewey.

Reader Urges That You Donate A Pint Of Blood

Editor: The News. That a child may walk—a soldier may live! That is the promise of a pint of blood holds today. Won't you donate a pint of blood so this may be achieved?

Your blood may be used to make gamma globulin which may protect your child this summer from paratyphoid fever.

Think, too, of the soldier's life you may save through the serum albumin when a main line in the wounded on the battlefield.

Can you truthfully say you do not have the time to give that other pint of blood?

The bloodmobile will be in Morehead at the Christian Church Friday, April 11, at 11 a. m. until 5 p. m. Please call the Red Cross office and make your appointment.

My Helen Patrick Morehead, Ky.

Editor: The News. I am glad to see from state-wide news published in your paper, that John Palmer and his Messer that labor and management are getting together in our country.

Personally, I think the labor union, especially at Cowden's has been over-emphasized. As one of the workers I know there is any trouble to be had, and truth is Cowden stopped operations because one of their top men made a grave error in trying to manufacture the "too heavy for summer, too light for winter" Danes.

I agree with Mr. Palmer and the workers. I can make out our country an example of co-operation between the company and the workers.

Former Cowden Employee Morehead, Kentucky

RANGER'S COLUMN Brush Burning, Wind Create Fire Hazards

Brush burning and wind of last Saturday made a bad forest fire out of a brush burning. It was responsible for one getting injured in his place south of the clay mines.

It is a fact that it is being done by a few people. Many report that every potted plant they place on a grave plot is missing in a day or so.

Fast Stepping Women Frustrated

The greatest female gallep for the world is the U. S. Highway 60—A dream that didn't come true.

To tell the world that U. S. 60 was the shortest motor route from New York to Los Angeles.

The Ora Watz neighborhood in Morehead is a good example of the three young wild rabbits born about three weeks ago.

Envelope Doesn't Reveal Contents Of The Letter

Letters are pretty important things. You never can tell by the envelope what you are going to find inside—heartsease or inspiration or tragedy or rivalry.

When you lose the contents of the envelope, you lose more than that. You lose your confidence in your own judgment.

When a nation loses faith, what happens? First it loses faith in its leaders. But it is not so invidious to lose faith in any one leader.

When a nation loses faith, what happens? First it loses faith in its leaders. But it is not so invidious to lose faith in any one leader.

Petty Thievery Is Again Breaking Out In Local Cemeteries

Despotic regular checks and periodic daily visits by State Police, petty and grand petty thievery continues in Morehead and nearby cemeteries.

It appears that it is being done by a few people. Many report that every potted plant they place on a grave plot is missing in a day or so.

Lee and Brown cemeteries are also being used for drinking and smoking parties. It is difficult to get the beer and whiskey bottles cleaned up.

It is with this sort of thing can be broken up is through cooperation of all the people.

Wednesday Is The Deadline At this time each year we put out a list of names of those who are to file your State Income Tax.

The Kentucky Income Tax is poorest conceived revenue measure since the war.

In this connection we note that Governor Letcher says Kentucky's entire tax structure should be changed.

Elsewhere in this issue is a list of approved baby gifts. If you are in the market for these and their prices are very reasonable.

Academy Meets This Saturday The nineteenth annual convention of the Junior Academy of Science will be held at Eastern High School of Middletown, Kentucky, on April 11.

U. S. Forced In Korean War - Cooper

Sen. Cooper (R-Ky.) said this week that even if there had been no United Nations, the United States would have been required to enter the Korean War "for our own security."

Cooper, a former U. S. delegate to the U.N. defended that organization on a radio-television panel program Sunday. He appeared with Rep. Dorn (D-Ky.) who demanded more positive action by the international body.

It takes the forces of individual major powers, he contended. Declaring that Russia was the aggressor, he said the Korean invasion threatened Japan, and threatened Japan.

Cooper agreed that other nations had not done as much as had been hoped, but he said "the help we have received from the other countries had been help we would not have received if there had not been a United Nations."

Both took a cautious view of current Russian peace moves. Dorn declared that "I would be a little leary of this new policy," but said Russia can make its intentions with "positive actions."

Cooper foresaw no change in Russia's ultimate intentions, but I do believe, on the other hand, that for the first time the series of proposals offer a chance at least for the conclusion of the Korean War."

PUBLISHER DIES

Willie Elam, native of Morgan and former co-publisher of the Licking Valley Courier, died at his home in Richmond, Ky. Sunday of last week. He had been associated with the Richmond Daily Register for 18 years.

Need More Cops Like This One

Policeman Harold Berglund, 47, of Chicago, has been written about what Mayor Martin H. Kennedy must think of him. The only three times the mayor has observed Berglund...

Berglund's worries were detailed in a Chicago Tribune story. The policeman learned that Kennedy had read the item, chuckled and commented, "We need more cops like that."

AUDIT IS SOUGHT

A suit asking for an audit of the books and records of the Montgomery County Board of Education and that a mandatory injunction be issued directing the school board to dispose of property it owns in Mt. Sterling and alleged excess spending in the county was filed in Montgomery Circuit Court Tuesday against the school board and the county school superintendent.

It's Spring. And Our Thoughts Turn to Gardening

By Evelyn Sinclair (Rowan County Home Agent)

What might be called the second relay vegetables to go into the garden now claim attention. They are carrots, beets, Swiss chard, beans and sweet corn. All respond to the general fertilizing scheme discussed previously. The first three should go in early in April; the others in the month's last half.

Carrots - The best variety is the stubby Chantrelle. The most garden soils are on the heavy side and the plowing is not too deep, causing the forking of the longer sorts. An ounce of seed should sow 100 feet, and thinning should be done to one inch. The seed should be covered only 1/4-inch, as it is small. To half-sowing of Cherry Belle radishes may be made with it.

Beets - The variety is Crook's Egyptian. In sowing beets, it should be kept in mind that the "seeds" is really a berry containing 4 or 5 seeds not much larger than that of tobacco. The covering should be no more than 1/4 inch. An ounce sows 50 feet. Thinning should be done to 1 1/2 inches.

Let Lawn Grass Get Started

Don't be in a hurry to cut the grass the first time this spring, says Prof. N. R. Elliott, horticulturist at the University of Kentucky. According to this authority, the grass will do better all season if it is not cut the first time until it is about 4 inches high. This will give the roots opportunity to make strong growth. The mower should be carefully adjusted to cut at a length of 1 1/2 to 2 inches, and should be left that way all summer.

Although it is late for feeding the lawn, Mr. Elliott advised it still should be done. Use from 10 to 15 pounds of good high-grade fertilizer for every 1,000 square feet, he said.

Rowan County homemakers will complete the lesson on Kitchen Improvement this month. This will give the most convenient kitchens and have arranged their kitchen furniture to save steps in preparing a meal. In May the homemakers will make parchment lamp shades.

Deadline For MC Scholarships Is Extended

Deadline for submission of application for academic scholarships at Morehead State College has been extended to May 1, according to an announcement this week by Nolan Fowler, chairman of the scholarship committee at the college.

The college offers forty academic scholarships valued at \$100 each for the school year 1953-54. The scholarships will be awarded on the basis of academic achievement and the need for financial assistance, the announcement stated.

The scholarships, which are partially competitive, are open to residents of Kentucky who will be graduating from high school during the school year 1952-53. Application blanks may be secured by writing to Mr. Fowler at the college.

Five nursing scholarships valued at \$400 each are also available, Mr. Fowler said.

Which Will Make The Biggest Noise?

All members of Congress have been invited to witness four atomic tests, one of which will be the first firing of an atomic artillery shell.

Chairman W. Sterling Cole (R-N.Y.) of the joint congressional committee on atomic energy issued the unprecedented invitation for the "shots" at the Nevada proving grounds on April 25, May 2, May 7 and May 21.

It was learned reliably that one of the May dates will bring the first firing of the world's first atomic shell from the Army's biggest cannon.

TICKETS NOT ON SALE

The Cincinnati Baseball Club announced this week that no applications for tickets for the All-Star baseball game to be played at Cincinnati July 14 will be taken until a method of distribution has been established.

The price of the tickets will be set by Baseball Commissioner Ford Frick of New York City.

ELLIOTT SPELLING CHAMP

Thelma Faye Kegley, pupil in the Salem school, won first place in the Elliott County spelling bee held in the new gym at Sandy Hook last Thursday night. Second place was won by Eddie Lee Hardy, pupil in the Upper Blaine Trace school.

Music Workshop Dates Announced At MS College

A Workshop in Music for the Elementary Teacher will be held at Morehead State College June 22 to July 3 under the direction of Mrs. Lorena Martin, music supervisor in the Cabell County (W. Va.) schools.

Dr. LeRoy Well, head of the college department, has announced that the course, which carries two semester hours credit, may be taken by graduate students. Credit earned can be applied toward the requirements for the elementary certificate.

The activities of the workshop will be selected to meet the everyday needs of teachers in the music program of the elementary school. Dr. LeRoy Well said. Mrs. Martin will be assisted by the regular staff of the college music department.

It is absurd but we have often seen two people argue until they are ready to fight, with neither having uttered a sensible or factual statement.

Furniture Painting Is Now-Project For Thompson Hall

Morehead College has begun a gradual repainting project for all room furniture in Thompson Hall. It was recently announced by Dr. Hugh McShea, Thompson dean.

The Buildings and Grounds department recently repainted one set of furniture and installed it, removing one other set then jacking up the furniture for repainting. They will continue to trade in old furniture for that in use until all rooms are furnished with more attractive beds, tables, and chairs.

HOW CATTLE DROPPED
The Bureau of Agricultural Economics says the reductions in cattle prices over the past year have come in three waves. The first to drop in price were cows; then feeder cattle and lower-quality steers and heifers, and finally, high-quality slaughter cattle. Prices of each class are now about a third below a year ago.

There is but one Union veteran left alive of our Confederates. The last light of an era is fast dying.

TRADITION PASSES IN EAST KENTUCKY

Cole Hotel, Famous For Its Food, Closes Dining Room

(Licking Valley Courier)

The Cole Hotel dining room—a tradition in West Liberty for more than a hundred years—passed this week.

Because it had become unprofitable in recent months, the dining room was closed Tuesday, May 31. Roland and Maggie Stacy, owners of the hotel, announced.

They will continue to operate the hotel, however, but will not operate the dining room.

Not only is the Cole Hotel a tradition in West Liberty, being the oldest business of continuous operation in the county, but its dining room had gained fame over a wide area. Here for as long as anyone remembers, meals were served in family style with all guests seated at one long table, and the fare too had become traditional for its bountifulness, variety and quality.

For many years mealtime at the hotel dining room was named by "Aunt Jude," the Cole family's Negro servant, who rang a bell on the front porch.

For many years mealtime at the hotel dining room was named by "Aunt Jude," the Cole family's Negro servant, who rang a bell on the front porch.

Guests enjoyed the beautiful food and the good fellowship around the table too. The hotel through the years has been a favorite stopping place for travelers, and its festive dining room will be missed by countless people who have enjoyed the hospitality, good fellowship and the beautiful meals around the long banquet table.

Eagles In Season's Starters Split 1-For-1 With Albion

Big Irvin Spencer pitched a neat eight-inning Friday as the Morehead baseball Eagles won their opening game of the season 4-2 over Albion, College of Michigan 8-2.

Spencer was in complete control of the ball game from the opening toss.

Using a variety of pitches, Irvin baffled Albion until he weakened slightly in the seventh inning, allowing two hits and three runs to score.

Saturday Sale At Fleningsburg Is Cancelled

Due to remodeling of offices and the cattle barn Saturday's sale at the Fleningsburg Stockyards has been called off.

Managing John Crain said sales will be resumed Saturday, April 18.

Saturday's sale report: Hogs—Packers, \$20.90; sows, \$16 to \$17.80; stock pigs, \$18.50 to \$22.50; shoats, \$6 to \$18.

Cattle—Steers, \$16 to \$18.80; heifers, \$16.50 to \$18.70; baby calves, \$18.50 to \$20.25; cutter cows, \$8.10 to \$12.60; fat cows, \$12.10 to \$14.40; springers, fresh cows, \$9.5 to \$16.4; bulls, \$16.40 to \$17.50; stock steers, \$7.5 to \$12.50; stock heifers, \$5.5 to \$10.4; cows and calves, \$10 to \$18.9; stock bulls, \$9 to \$18.5; stockers, \$5.5 to \$11.6.

Calves—Top weals, \$27.50; medium, \$21.80; common and large, \$18.50 to \$25.40.

If the government steps into the field of medicine, everyone knows whose fault it will be.

FEATURED AT TRAIL—Sir Walter Scott's "Ivanhoe," one of the most widely-read novels in the world, now comes to the screen in a spectacular Technicolor production with a cast of thousands, headed by Robert Taylor, Elizabeth Taylor, Joan Fontaine, George Sanders and Elna Fentaine at his left, in the role of Rowena, and Elizabeth Taylor, as Rebecca, whom Ivanhoe defends from the accusation of witchery. Filmed by M-G-M in England as the biggest motion picture scene and cost ever made on the British Isles, the production was directed by Richard Thorpe and produced by Pandro S. Berman. "Ivanhoe" will be at Morehead's Trail Theatre Sunday, Monday, and Tuesday.

KU Honors 7 FFA Winners Thursday

Seven Future Farmers of America chapters in the Eastern Kentucky F.F.A. District received merit certificates entitling them to cash awards from Kentucky Utilities Company for earning top "gold emblem" ratings at the field day held Thursday, April 2, at West Liberty.

Future Farmers from this county took part in the field day competition.

"Gold emblem" winners were Boyd County, Frenchburg, Oil Springs, Owsley County, Pritchard, Virgie and Sandy Hook.

William Johnson, K. C. Farm Service adviser in the company's Blue Grass Division, presented each "gold emblem" chapter with a certificate entitling them to share in the \$100 Eastern Kentucky District award.

The electric company contributes some \$1,200 each awards for district and state "gold emblem" chapters. This is the third year for the KU-FFA award plan.

Chapters were judged on the basis of their showing in farm achievement contests and field day competition. The "gold emblem" rating is the highest, followed by "silver emblem," "bronze emblem" and honorable.

"Silver emblem" ratings were given to Johns Creek, Maytown, Prentiss, Rowan, Wayne, Wolfe County and Wolfe County. Other chapters competing were Breathitt County, Betsy Lane, McKillop, Wurtland, Flat Gap, Lee County, Salyersville, Morgan County, East and Richwood.

Over 700 F.F.A. members, teachers and guests attended the field day.

Twenty-four Future Farmers chapters representing 16 counties took part in the day-long program.

In farm achievement contests were: First prize winners: tobacco, Bobby Hall, Pritchard; hay crops, Paul LeMaster, Oil Springs; Poultry, George, Oil Springs; soil and water conservation, Bob McGlothlin, Boyd County; home improvement, Richard Litteral, Oil Springs; dairy, Joe Miller, Boyd County; hogs, Wade Potter, McKillop; beef, Paul LeMaster, Oil Springs; sheep, Cleatus Blankenship, Boyd County; poultry, Paul Salver, Oil Springs; livestock co-op, Bob McGlothlin, Boyd County; and farm column writers, Harold Trimble, Oil Springs.

In individual chapter contests the Oil Springs chapter won first place in treasurer's book, secretary's book and scrapbook. Boyd County won the newsletter award. The chapter meeting contest was won by Pritchard and Oil Springs was first in chapter music.

Jerry Ringo of Frenchburg won the public speaking contest and Dale Bryant of Wolfe County the impromptu speaking award. Vocal Solo was won by Linville Hall of Morgan County. Other first place music awards were novelty, Louie Williams, Betsy Lane; orchestral, Jerry Ringo, Frenchburg; and piano, Victor Hamey, Rowan County.

Death Comes To Mrs. Allie Boggs Thomas, 75

Funeral services for Mrs. Allie Boggs Thomas, 75-year-old resident of East Main Street in Morehead, were conducted at the East Main Church of God Friday afternoon with interment in Lee cemetery.

Mrs. Thomas, wife of Enoch Thomas, was born in Ohio Oct. 21, 1857. Mr. Thomas was also

Counties Benefit As Timber Sales In The Cumberland National Forest On Increase

Figures just released by the United States Forest Service show that income from the Cumberland National Forest since timber sales were first made has now topped the million dollar mark. A total of \$1,137,529.44 has been taken in since 1928, when the first sales were made. By the end of the year ending with \$383.99 in 1932, the annual revenue now is around \$160,000.

Two children preceded her in death. She had been a member of the Church of God for more than 23 years.

Last rites were conducted by Rev. Russell South. The Pledge to the National Home cared for the arrangements.

but that one-fourth of all income is returned to the 16 counties in which the Forest is located. This has amounted to \$29,881.61 or about 4.3 cents per acre annually over the 17 year period. The National Forest is now returning about nine cents per acre per year to the counties. Mr. Borden stated that as the government timber stands are currently being improved in quality and in density of stocking, the future income will steadily rise. He said this is a wonderful tribute to the ability of cut-over and burned forests in Kentucky to recover under good fire protection and management. Private owners of

timber lands can do just as well if their woods are properly handled, he said.

Borden called attention to the fact that during fiscal year 1932 the National Forests of the United States earned \$10,000,000 more than all the costs of protection, management and development. Income was \$99,720,198 and expenses were \$89,720,748.

Supervisor Borden also announced the following settlement for damages caused by forest fires this spring: Bernard Bank, Powell County, fined \$10 and costs; Jake R. Rose, Monte County, fined \$10 and costs; the following have paid for fire fighting costs: Willie Hale, Menifee County, \$10.89; James Allen, Rockcastle County, \$12.70; Ernest Anderson, Rockcastle County, \$19.90.

The "real guy" of the club or community is usually one who disapproves of nothing, and who has few strong convictions.

RON JOER—First graders at Breckinridge Training School are being taught French by Maria Bizzoni, professor of Foreign Languages at Morehead State College. It started as an experiment, but Miss Bizzoni is enthusiastic. She says the six year olds rapidly pick up the new words and it is not difficult to learn a foreign language if training is started early. This picture, reprinted from the college newspaper, was captioned: "Sur Le Pont D'Avignon, L'On Y Danse, L'On Y Danse." One of the tots above can tell you what it means.

'Nation Wide' Alarm For Girl Proves 'Dud'

A nationwide alarm, according to newspaper and radio reports, sent out last week from Louisiana for a 10-year-old wife of a sailor, reportedly missing since February 28, proved a 'dud' in that the girl was with her in-laws in Morehead.

Ms. Percilla Ferguson Sorrell, wife of Bill Sorrell, read of the search in newspapers while visiting the home of her husband's parents, reportedly missing since February 28, proved a 'dud' in that the girl was with her in-laws in Morehead.

LIGHTHOUSES OF THE LORD

More than 2000 years ago men began building lighthouses to warn seamen of rocky shoals and reefs, and to guide them to shore and safety.

Today within our U. S. A. and its possessions upward of 2000 lighthouses, shore, and harbor warning-lights beckon nightly across the waters to guide travellers safely.

Within the same U. S. A. are nearly 300,000 churches—lighthouses of the Lord. Yet right now it has been reported that 25 million young people and children and 15 million adults are unaware of the Church and its ability to help them live righteously and serenely in these perilous times.

Is someone you know floundering in worldly darkness? Is someone you know desperately in need of the Church's guidance? To expose a life wantonly to physical danger is foolish, but to expose a soul needlessly to spiritual disease and death — this is utter tragedy.

Let the light of the Church guide you and your friends.

THE BIBLE SPEAKS

BY DR. KENNETH F. FOREMAN

Scripture: Matthew 28
Devotional: Luke 11:17-27

Our Living Lord

Lesson for April 5, 1953

WHAT does Easter mean? It is a question we may well ask ourselves each year. The visitor from Mars might even have a hard time answering the question for himself. He would see Easter sales advertised in the department stores and he might think Easter was a name for a special kind of bargain. Or he would hear about an Easter parade, or he would look at one, and he would conclude that Easter is a time mainly for showing off new clothes. Or on a college campus he would hear about the Easter vacation, Monday—Monday's Misadventure, and he might suppose that it is just a name for a holiday from work. Then he might come on a stock of children hunting for Easter eggs, and he would suppose that Easter meant "gaily colored." As a matter of fact even if he went to church, he might get strange ideas about what Easter means.

Springtime And Roses

To hear some people talk—yes, and even some serious-serious—might fancy that Easter is a festival to remind us all of springtime. To be sure, nature is reminding us in many ways. The days grow longer, the nights shorter; flowers begin to scatter over the hillsides, and the grass grows greener every week. In the far northern states they are heavy snows melt than falls. In the far southern states, warm weather has already come, the roses are in full bloom, visitors from the north are coming down to look at the Mobile and other parks.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth in the building of character and good citizenship among Church members. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake; (2) For his children's sake; (3) For the sake of his community and nation; (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

FIGHT CONTINUES AGAINST DREADED DISEASE

Employ 'Geiger Counters' In Unrelenting Cancer Battle

Scientists are seeking new kind of "Geiger counters" to discover new cancer-killing drugs.

Already there are some drugs which do some good, against some cancers. But other ones, undoubtedly far better ones, lie hidden somewhere among the hundreds of thousands of possible combinations of various chemicals.

The problem is to find, accurately and fairly easily, any which possess activity against cancer growth.

Such screening and testing is already being done with some good results. But better methods of screening are wanted.

The need is something like this: If you have a whole great row of batteries, how do you tell which ones carry an electric charge? A voltmeter tells you.

The cancer scientists would like a voltmeter to tell which of thousands of chemicals carry a charge against cancer. Or in another analogy, something that works

like a Geiger counter to tell what chemicals are hot or radioactive, but in a search, just started by the American Cancer Society, is one of the newest things in chemical warfare against cancer.

Chemistry has produced some drugs which slow down some cancers, but they have not been cured some human cancers, and given drugs which kill pain, but as yet cancer is a weak third arm. Surgery and radiation are still the best cancer killers, especially when cancers are detected early.

The quest for the cancer voltmeter or Geiger counters is being directed by 12 prominent scientists, with a grant of \$150,000 from the cancer society.

They have selected 25 chemical compounds, some of which are known to have activity against cancer, some of which have no activity. Top specialists will use these 25 as test objects in trying out various new methods of screening chemicals. Under study as measuring instruments are some kinds of animal cancers, bacteria, yeasts, molds, insects, inside of cells, fruit flies. It is hoped that one or more will prove good methods of telling which of thousands of chemicals are worth development.

While science is trying every conceivable chemical approach in seeking drugs which will hit cancers. Often, clues come from painstaking studies that find secrets of normal healthy cells, and subtle differences in cancer cells. Other times, a chance but intelligent observation leads to experiments.

Three Instructors To Participate In UK Conference

Participants at the sixth University of Kentucky Foreign Language Conference, to be held in Lexington April 23-25, will include three members of the Morehead State College faculty: Miss Marie Bizzoni, in the Italian section, will discuss the writings of the contemporary Italian poet, Eugenio Montale; Dr. Wilhelm Exelhart, in the Slavic section, will present a paper on the "Historical Background of Recent Slavic Frontier Shifts," and Dr. Guy Miles will preside at a comparative literature section meeting.

Another speaker known to Morehead faculty and students, from a visit and speech here, will be Dr. Harold Benjamin, educator at George Peabody College for Teachers, who will discuss "The Washington Conference on Foreign Languages in the Elementary Schools." The keynote lecture will be delivered by Arkansas Senator J. W. Fulbright.

First Morehead Music Group To Play Complete Symphony

Special Quintet Will Also Be Feature Of Band Concert April 23

The first time a musical organization at Morehead College will present a complete symphony will be on Sunday, April 23, when the concert band will present a program at 7:30 p. m. in the college auditorium.

The band, under the direction of R. Russell Aukerman, will play the complete symphony in B-flat by Paul Faucet. A special Woodwind Quintet, trained by assistant band director Gomer Pound, will also be

featured at the concert. The persons in the Quintet are Betty Ewen, flute; Joyce Standiford, Oboe; Tony Romano, clarinet; Don Holloway, French horn, and Dale Sneiderker, base clarinet.

The program for the concert is: British Eighth March—Elliott, Symphony in B-Flat—Faucet (including the Overture, Nocturne, Scherzo, and Finale), Pavanne—Gould, On the Square, March—Panda, Finlandia—Sibelius, Deep Parale—DeFoe, March—King.

The Symphony in B-Flat was first brought out by Paul Faucet in 1925, when it was first performed by the "Grade Republican Band." The first American performance of the symphony was given in 1933 by the Carleton Symphony Band under the direction of James H. Gillette, who is credited with the arrangement of the first and last movements for American bands.

"Mr. Faucet has yet to receive the acclaim he deserves," says Mr. Aukerman, "probably because he chose to write his symphony for bands." The Symphony in B-Flat possesses individual distinction and charm coupled with musical artistry of the highest order.

MORE MOUNTAIN PHONES The Rural Electrification Administration has announced a loan of \$250,000 to the Mountain Rural Telephone Co-operative Corporation at Ezel, Ky. This is the second loan to this telephone cooperative. It will be used to

finance the construction of 47 miles of line not included in the first loan of \$455,000. The two loans will enable the borrower to give telephone service to 1,325 subscribers in Morgan, Wolfe and Elliott. Dial systems will be located at West Liberty, Sandy Hook, Hazel Green, Ezel and
