

1 **Resolution for a Permanent Electronic Meeting Option**
2 **For University Standing Committees**

3
4 Whereas, during the current pandemic emergency, university committees have met electronically
5 based on temporary authorizations and directives, and

6
7 Whereas, the Student Media Board has a provision in its description that gives them a permanent
8 option to hold meetings virtually, and

9
10 Whereas, the Faculty Senate believes it desirable for other committees to have an electronic
11 meeting option that will continue to operate after the current COVID pandemic ends,

12
13 Therefore Be It Resolved, that the Faculty Senate recommends that all University Standing
14 Committees be given a permanent option to meet virtually, with the following statement added to
15 every Standing Committee’s description:

16 Meetings may be conducted wholly in-person, virtually, or a mixture of both to allow
17 those who wish to attend virtually the opportunity to do so.
