

Governance Committee Report 9.15.22:

- Faculty Senate represents faculty participation in the planning, organization, and governance of the university. The Senate Constitution has been carefully worded to include Faculty Senate's participatory role in these activities. A disruption to this shared governance is occurring for various reasons. Let's set ourselves on the right path---
 - What must occur? This page includes all Standing and Advisory Committees overseen by Faculty Senate:
<https://www.moreheadstate.edu/leadership/faculty-senate/msu-standing-advisory-committees>. Sections Three and Five of the Faculty Senate Constitution are clear on Faculty Senate's role in managing these committees. We must work in concert with each other to ensure the strength of our university.
1. Update on Faculty Senate website revisions:
 - a. Updates for committee appointments have been sent to Marketing. Some updates will occur after the MSU web premier on Sept 20. If anyone has questions about Standing and Advisory committee membership, please ask Lesia Lennex.
 2. The committee is reviewing the Employee Benefits Committee for possible revisions to the committee description. This is an essential committee for all faculty and staff at MSU. We welcome restructuring ideas and concepts for this committee. Please send to Lesia Lennex by Sept 21 your thoughts about EBC.
