

***Ad hoc* Non-Tenure Track Committee Report**

Members: Donell Murray, chair
Matthew Knupp
Randy Manis
Tammy Martin
Sam Stapleton

Report to Dr. Morgan, Dr. Parikh & Dr. Schroeder:

- Open to an instructor with the proper years of service who would want to take advantage of the opportunity.
- The committee favors all instructors receiving the \$1,000 pay increase to their base pay and instructors promoted to the senior instructor position would receive an additional \$2000.
- There was a concern that not every instructor saw the email about the survey about the senior instructor position sent to all instructors.
- What events constitute service? What events do not constitute service? We would like a document outlining what does and does not constitute a service.
- We want to give the departments the opportunity for all instructors to attend campus recruiting events this summer to help with service.
- Considering the possibility of an increase in the one-year contracts.

Thoughts on Instructors Serving on Faculty Senate:

- We feel there is a need for instructors as a group to have representation in the Senate. We propose that this representation consist of instructors. The recommended number would represent 10% of the Senate body. We would not be taking seats from a current Senate seat.
