CHAIR'S REPORT

Rep. D. Sammons is working on the Staff Congress Home Page. In searching the web for other state institutions with Staff Congress web pages, Rep. D. Sammons has found that Murray is the only one with a site. Murray's web page has a brief history of when formed, what the congress is composed of, the purpose of the congress, when their meetings are, a listing of representatives with departments, phone numbers and e-mail addresses. What Rep D. Sammons would like to do is something similar to what Murray has and have all Staff Congress representatives in alphabetical order, with each committee having a link to an e-mail address. Also, would like to include photos of Staff Congress officers and members. The Staff Congress logo will also be included on this home page. Any suggestions on the home page should be submitted to Rep. D. Sammons.

REGENT'S REPORT

The main item on the BOR agenda was the setting of tuition for the first time by the University. In-state tuition was increased by 3%. Also it was approved to allow in-state fees for out-of-state students who live in a two county radius of all states bordering Kentucky. This totals 100 counties. Students that are currently enrolled will not be allowed to participate in this tuition change. This program is for incoming full-time students.
